Teen Tattler — Going To Be Some Changes Made In This Column So Everyone Start Looking

BY PAT BRENNAN

Hi! The last lap of the school year is now in full swing and just a few of the doings coming up in the last 5 months are semester exams, dramatic and music contests, Easter vacation, two senior class plays, and, of course, the results of the "breaking of the cameras" at Downey's will be out sometime this month.

Pat Brennan

Then there will be two class nights and graduation.

Speaking of music contests, St. Mary's will compete in class C this year instead of class B.

Inman tried once again to beat St. Mary's Cardinals at a basketball game Friday night and the visitors just about did. The Cardinals came out in front 32-25. The Cards could have done better but Shorty Miles was outstanding for staying in to the end with only one foul.

O'Neill high's Eagles hit the road to the East to see how Ne-ligh was in basketball. They lost 39-27.

Sunday night 10 junior-senior girls helped serve a lunch at a card party held at St. Mary's. The reason for the card party was to raise funds for the buying of more instruments for the band. There will be a card party every two weeks. Everyone's welcome.

Before the first of March comes rollin' around once more, there will be, I hope, a great change in this column. So everyone start looking for it although you won't have to look very far. Now for some of you this may be a surprise. We hope it will be for everyone. This change will happen sometime before the first of March.

That's about all for this week, so have fun but work hard. Be seeing you!

O'NEILL LOCALS

The Meek and O'Neill Assembly of God churches met at the home of Rev. Gene Anderson in Newport last Friday for prayer meeting.

SENSATIONAL BARGAINS

January is generally considered the month for bargains. But, here are a few of the many bargains you enjoy every month of the year electrically.

A full month's radio entertainment for less than the cost of one ticket to a movie.

Electricity to operate your refrigerator for less than the cost of a postage stamp per day.

Your home kept spic and span for a full month by your electric vacuum cleaner for about the cost of a package of gum.

The family ironing done for a full month for the cost of one pack of cigarettes.

The entire wash for a family of four done electrically for a whole month for the cost of mailing two letters.

Even at bargain prices, where else can you get so much for so little?

The above are based on average use at Consumers average residential rate per kilowatt-hour. Your individual cost may vary slightly lower or higher depending on your locality and the amount of electricity you use.
