 The Cards have garnered 9 wins (excluding tournament play) against two losses thus far in the season. It was Ewing's second loss.

## Library Issues 165 Books In A Day

ATKINSON — As many as 165 books per day have been checked out of Atkinson's small but efficient library, it was reported Saturday by librarian, Mrs. D. R. Davis.  
 Most of this number was drawn out by children and teenagers. Books are purchased out of the library fund from selected lists drawn up by state and national authorities. Once a year, oftener if convenient, the library is checked by one of these authorities personally and the board is advised of any changes deemed advisable.  
 The newest addition to the large selection of books is a set of the Encyclopaedia Americana purchased on a monthly payment plan. The National Geographic magazine subscription for the library was donated by a citizen of Atkinson. Other magazines are obtainable in the same manner.  
 A fee of 5 cents is charged for the use of the newest books. A rural patron may keep a book two weeks for this amount and a city person for one week. It may then be renewed, if not a small fine is levied for each library day until it is returned.  
 This may sound rather high to some but Atkinson library has no other means of support except the very small township tax levy, which amount must supply all expense money, which includes rent, librarian's salary, book repairs, etc.  
 There are many hundreds of books that may be obtained by readers with no charge at all. It is only that when a book is
