

TAKE A BOW, G. I.

TO THE G. I. AND HIS FRIENDS
 YOU HAVE BROUGHT PEACE to the world...and we want you back home, just as soon as your job in the Armed Forces is complete.

We want you home to take up the jobs you left behind for the bigger job you've done so well. Here at Storz we've kept your job waiting for you, every one of you (almost 100 of you) who left here to put on a U. S. uniform.

Here's what we have been doing at the brewery.

Storz beer has been scarce since you went away. All during the war we refused to use substitutes and we refused to take short cuts. We produced only the finest pre-war quality beer. As a result there hasn't been near enough Storz beer to meet the public demand.

As Government restrictions begin to ease up, and more materials are available, we will be able to produce slightly more beer. Our policy has been, and will continue to be, "NOT HOW MUCH, but HOW GOOD." We find there is no substitute for Storz quality.

When you return to take up your job, you will find Storz beer the same fine product as when you left. The only difference, if any, is that there has been a tremendous increase in demand for the public, too, has learned, "there is no substitute for Storz quality."

It may take a while before all of you are back. But your job is waiting for you. May your return be soon.

Sincerely,
 STORZ BREWING CO.

Storz's BEER

ANOTHER

Great Day

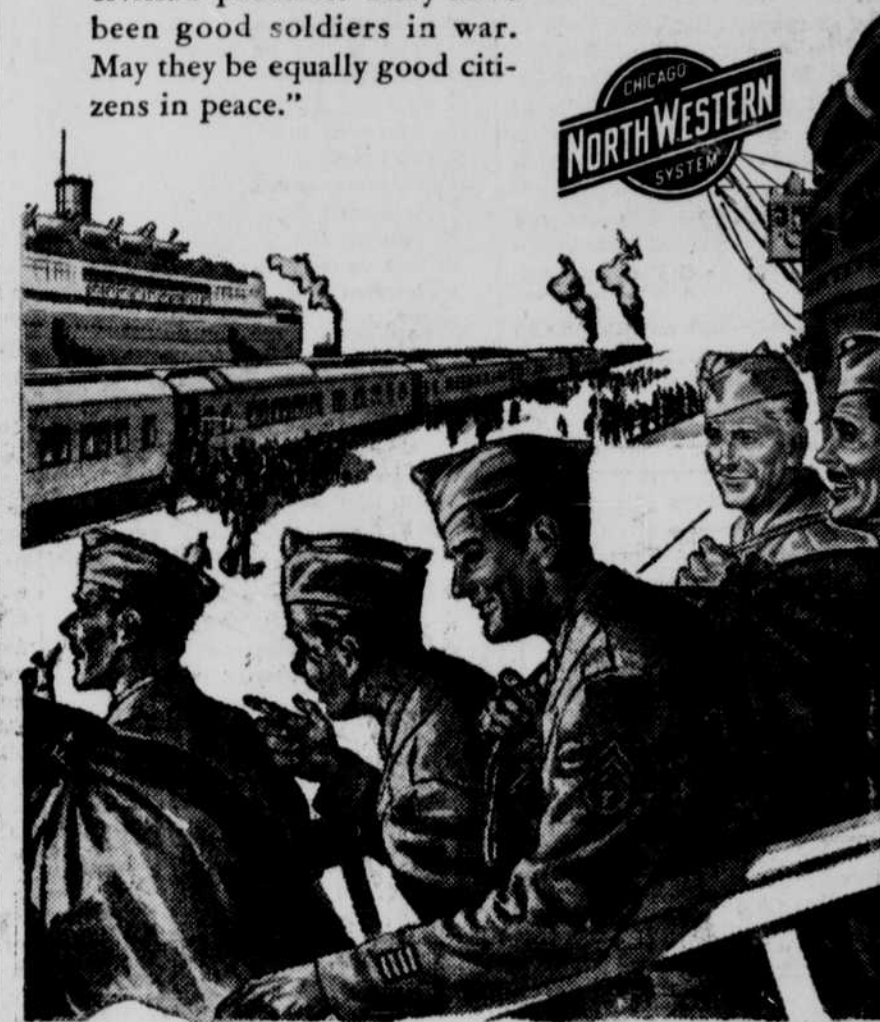

COMING

Faces turned hopefully toward home and eyes smiled. The Great Moment had come when the world could say fervently, "Thank God, it's all over!"

All over? Not quite. There still remains a mighty big job to be done. Our sons and daughters in far places must be brought home. The thrill of victory, great as it was, offers no greater thrill than the glorious homecoming that millions look forward to.

"North Western" realizes its responsibility; so does every other railroad. We will not fail our returning veterans. Our services are theirs to command—our trains are at their disposal. No one is more welcome than they.

As General MacArthur has said, "The magnificent men and women who have fought so well for victory will return to their homes . . . and resume their civilian pursuits. They have been good soldiers in war. May they be equally good citizens in peace."
