300 Attend the REA Meeting

All except twelve of the precincts in the county were represented at a rural electrification meeting held in O'Neill on Monday, indicating that there is wide spread interest in getting the county strung with electric lines.

This meeting was called as a result of the efforts of Mrs. Ralph George, whose home is on a farm north of O'Neill, and a group of farmers who had contacted the North Central Nebraska Public Power District, at Creighton, and asked them to explain their REA setup. Mr. Dawes, the County Agent, was asked to take charge of the meeting and introduce the speakers. Mr. Rokahr of Venus, president of the Creighton District, and G. H. Kennedy of Page, who is a director in the Creighton District. Mr. Rokahr and Mr. Kennedy gave a very clear picture of how they had gone about organizing and securing rural electrification in the Creighton District thus answering many of the questions that people of Holt county have had in their minds.

A discussion followed in which many views and ideas were suggested and discussed. It was brought out that we have also a district to the north of us in Boyd county, and Carroll O'Neill gave some suggestions and comments concerning their organization. It was made plain that setups could not be made immediately, as there was no organization perfected or supplies available. This being the case, Del Scott of Atkinson, was selected as temporary chairman and Dawes as temporary secretary to head the effort in obtaining REA in Holt county. A motion was made, seconded and carried that a \$5 membership be collected from each individual at the time of signing up, the money to be held in a fund for REA organization.

After considerable discussion, it was decided that each precinct be responsible for holding a meeting or otherwise selecting local representatives to temporarily represent the precinct, and that Mr. Dawes or Mr. Scott be notified of the name or names of the individuals, so that information might be sent to each precinct. Someone in each precinct is urged to take the lead and get their representatives selected. Mr. Dawes emphasized strongly that people should take time and think it over and not rush hastily and illinformed into something about which little is known. An example was cited of a county that has had to sign up three times. The group was of the opinion that it would be best for Mr. Scott and Mr. Dawes to obtain as much information as possible and when sufficient information is available, contact the precinct representatives relative to signups. The County Agent stated that there was little doubt that Holt county would receive rural electrification, but that it will take some time for all the areas to have electricity. Notices will be published from time to time.
