What Helps Agriculture Helps All of Us

WHAT is it that helps agriculture? We know that to grow good crops it takes good seed, fertile soil, a favorable climate, and the skill and experience of the individual. Likewise in the production of livestock you need well-bred animals, proper care and feeding, plus intelligent management.

Through better seeds and new types of plants like hybrid corn, through soil conservation methods, better land management, and improved machinery, through more effective control of pests and parasites, America has reached a level of food production never before achieved by any nation in history. Therein lies much of America's strength for the future.

By many a tragic example, history teaches us that when food supplies fail, nations fall. We of America must see to it that our agriculture becomes always a stronger, surer base for the economy of our nation. This is a task not only for you as producers but also for us who, by providing nationwide facilities and services, bridge the gap which separates farmers and ranchers from the distant consumers who must have their products.

And because our business is so closely linked with the land, we at Swift & Company are vitally interested in all developments that help agriculture. And so in these Swift pages we publish helpful information, knowing that a prosperous agriculture is essential to the livestock and meat industry—and to the prosperity of the nation as a whole.

John Holmes
President, Swift & Company

Soda Bill Sez:

... generally we should learn two things from life—what to do and what not to do.
... if work is a pleasure, a man sure can have a lot of fun farming.

OUR LIVESTOCK JUDGING METHODS

By R. G. JOHNSON
Head, Department of Animal Husbandry, Oregon State College

Domestic animals are machines for converting plant material into meat, fibers, and other human needs. Competition forces the modern farmer to evaluate efficiency in terms of tons or bushels per acre, dairy production in pounds of butterfat per cow per year, and poultry results in number of eggs per year. Thus, since the basic resource is feed and not animals, shouldn't livestock producers evaluate breeding stock on the basis of meat or of wool their offspring produces per 100 pounds of feed consumed?

The show ring standards for judging animals by external appearance have given us advancement up to a certain point, but breeding for the show ring does not always lead to efficient feed utilization.

A step in the right direction is the increasing use of proved sires. Today, through use of artificial insemination, the purebred breeder is greatly assisted in the establishment and increase of efficient blood lines.

Tomorrow's "yardstick" will not only be bigger yields per acre but also more pounds of meat and fiber per ton of feed.

WHAT DO YOU KNOW? How many of the amino acids essential to health are found in meat?
What governs the price of livestock?
In what dessert is meat an important ingredient?

Answers to these questions may be found in the various articles which are printed elsewhere on this page.

THE EDITOR'S COLUMN

A smart steer on range goes to where the forage is best. A smart livestock producer sells where the market is best. There are many sources of information to help him decide where that best market may be. Radio networks and nearby stations report daily on receipts and prices at central and local markets. Commission houses and their field men are ready to give personal advice on the best time and place to sell. Newspapers publish detailed descriptions of market conditions. Various timely reports are available from the U. S. D. A. and other impartial sources on trends and developments in the livestock-and-meat industry.

In making their bids, livestock buyers also use current market information. Acceptance of any price offered is entirely up to the producer or his sales agent. Meat packing plants and their buyers are located at so many widespread points that if a producer is not satisfied with prices offered by any one buyer, he has a choice of several others to which he may sell his animals.

Moreover, with 3,500 meat packing plants and 26,000 other concerns and individuals who slaughter livestock commercially, there is bound to be keen competitive bidding for your livestock. Barring meat rationing and price ceilings, livestock prices are governed by what the packer can get for the meat and by-products.

F. M. Simpson,
Agricultural Research Department

Swift & Company wishes all the readers of this page
A MERRY CHRISTMAS
and A HAPPY NEW YEAR

"AMINOS" ARE IMPORTANT TO YOU! From the nutrition research laboratories comes the story of amino acids, mysterious substances found in the proteins we eat. Amines are used by our bodies to build and rebuild our tissues, organs, and blood. They also help fight off infections.
Of the 23 known amines, ten are absolutely essential to health and even to life itself. Meat is rich in all ten of them. That's why doctors, working to rebuild the shattered bodies of wounded servicemen, order diets with large amounts of meat. That is also why everybody should eat meat for health as well as for its fine flavor and its "stick-to-the-ribs" food value.
Swift and other meat packers, through The American Meat Institute, are telling this vital story of meat and its health-building amines in many millions of advertising messages. As people read this story, there will be wider markets for meat—and the livestock you produce.

NUTRITION IS OUR BUSINESS—AND YOURS
Right Eating Adds Life to Your Years, and Years to Your Life

Artha Logan's Recipe for
MINCEMEAT
Yield: 4 quarts
1 pound cooked beef shank, chuck, or neck meat
1 cup meat stock
1/2 pound suet
4 pounds apples
1/2 pound currants
1 pound seeded raisins
1 1/2 pounds brown sugar
1 quart cider
2 teaspoons salt
2 teaspoons nutmeg
2 teaspoons cloves
3 teaspoons cinnamon
6 tablespoons lemon juice
Pare, core, and chop apples. Chop together currants and raisins. Add apples, sugar, cider, and meat stock. Cook about 5 minutes. Grind meat and suet. Add with seasonings to apple mixture. Simmer 1 hour, stirring frequently to prevent burning. Add lemon juice.
This mincemeat may be made ahead of time and canned for use throughout the holiday season.

FREE COLORING BOOK!
Boys and girls, here's a swell coloring book for you. It's filled with funny farm animals—Cissy Calf, Biddy Hen, Junior Chick, and many others. And there are rhymes, too. If you'd like to have it, just write to Department 128, Swift & Company, Chicago 9, Ill.

SORGHUMS ON INCREASE AS CATTLE FEED
By A. D. WEBER
Head, Department of Animal Husbandry
Kansas State College

Proof that the new combine-type grain sorghums, Midland milo and Westland milo are the equal of corn as cattle feed, which was demonstrated recently at the Fort Hays Branch of the Kansas Agricultural Experiment Station, will interest feeders who fatten cattle in the Southwest.
Yearling steers fed these two new grains for 150 days gained 2 1/2 pounds per head daily. This was equal to results gained by feeding yearling steers No. 2 corn over a like period. The steers in each lot graded the same (choice), and sold at the same price (\$17.00 per cwt.). All grains were fed at the rate of 13 pounds per head daily. Each ration included sweet sorghum silage, 37 pounds; cottonseed meal, 1 1/2 pounds, and finely ground limestone, 1-10 pound.
Three similar feeding trials also proved conclusively that the new combine-type grain sorghums compare favorably with corn as cattle fattening feed—Wheatland milo, Colby milo and Westland milo being tested in these trials.
Increasing use of native feed grains, such as these new type grain sorghums, will greatly benefit the stability and prosperity of this agricultural region.

CHAMBERS ITEMS

Word has been received that John Wingert, of Grand Island, was killed Monday in a car accident.

Some of the members presented a short play entitled, "The Church." Refreshments were served.

Mr. Merle Hansen left Friday for Camp Carson, Col., after spending a fursough with his wife and son and other relatives.

Earl Hoerle arrived home Wednesday from Ft. Leavenworth with a discharge from the army. Earl had served overseas for over a year in the E. T. O.

Mrs. W. M. Sprandel, of Plattsmouth, arrived Saturday for a short visit with her father, John Walter, Sr., sister, Mrs. Ren Feyerherm and other relatives.

Seaman First Class Chester Fees left Sunday for San Francisco, after spending a short vacation with his parents, Mr. and Mrs. Chet Fees and other relatives.

Mr. and Mrs. Charles Spath received word that their son, Frank, has received a discharge from the armed service, after three years in the army. He is now with his wife and daughter at Pecos, Texas.

Mr. and Mrs. Fred Warner, of San Diego, Cal., arrived Sunday for a visit with her sister and brother-in-law, Mr. and Mrs. L. W. Taggart and family. Mr. Warner has received a discharge from the armed forces after service in the Pacific area.

Mr. and Mrs. Albert Roth, of Bartlettville, Okla., Mr. and Mrs. Walter Roth, Mrs. Albert Gegax and daughters, Mildred and Ruth Ann, of Columbus, were week-end guests at the Paul Roth home. Mr. and Mrs. Albert Roth flew in

their own plane from Bartlettville to O'Neill.

Mr. and Mrs. George Hogeson and son, Donnie, arrived Monday for a short visit with Mrs. Hogeson's father, Walt Richards. They came here from Cario, where they have been visiting Mr. Hogeson's parents. Mr. Hogeson has just received his discharge from the navy after twenty-two months of service.

John Walter, Sr. and daughter, Mrs. Rena Feyerherm entertained the following guests at dinner at their home Sunday: Mrs. W. M. Sprandel, of Plattsmouth; Mr. and Mrs. A. A. Walter and Raymond, Mr. and Mrs. C. V. Robertson, Elwyn and Delbert, Mr. and Mrs. H. C. Walter and children. Mr. and Mrs. Wayne Smith and children and Alfred Deirking.

The Woman's Society of Christian Service met Thursday, December 6, at the home of Mrs. Helen Honeywell, with about 30 present. Mrs. Nellie Starr was in charge of the devotional. There was a business meeting and election of officers. Mrs. Burch was elected president; Mrs. S. E. Newhouse, vice president, Mrs. Helen Honeywell, secretary and Mrs. Glen Adams, treasurer.

METHODIST CHURCH NOTES
Sunday School 10:30
Youth Fellowship 7:00
Evening Worship 7:45

There will be choir practice Sunday evening following the service. Members of the Chambers churches plan to make a friendly survey of the community Sunday afternoon.
Rev. Lloyd W. Mullis, Pastor.

Amelia Progressive Club Meets
The Amelia Progressive Club met Thursday, December 6, at the home of Mrs. Elmer Coolidge with

Mrs. Ed White as co-hostess. A covered dish luncheon was served at noon. Mrs. Beryl Waldo, Mrs. Lawrence Barrett and Mrs. Geo. Fullerton furnished the desert.

The lesson, "Clothing Pointers for 1946" was presented by the leaders, Mrs. Lawrence Standage and Mrs. Harold Fullerton. Shoulder pads, tailor button-holes and arrow head tacks was part of the demonstration. The new reading leader, Mrs. Lawrence Barnett, gave an interesting book report. There was also a report by the health leader, Mrs. Wallo. Mrs. C. N. Small was elected secretary to fill a vacancy. The group also enjoyed a Christmas tree and party, following their lesson, with an exchange of gifts. New mysterious sister names were drawn.

PRIMUS-MEYERS
A simple wedding took place at the Methodist parsonage in O'Neill Friday, December 7, when Miss Dolores Primus became the bride of Marian Meyers. They were attended by Judge and Mrs. Reimer. Both were attired in brown suits.

Mrs. Meyers is the eldest daughter of Carl Primus, of Siletz, Ore. She is a graduate of the Ewing High School, and has taught one and a half years in Holt county. Mr. Meyers is the second son of Mrs. Mona Meyers, of Chambers, and has just received his discharge from the army after serving for twenty-five months in the E. T. O.

The young couple are living in one of the Tibbetts cabins. Mr. Meyers is working for Bill Reninger. Their many friends join in wishing them years of happiness.

FOR SALE—1800 Acre cattle ranch, has 500 acres of hay meadow. I sold the 2300 acre ranch.—R. H. Parker. 31-1f

PAGE NEWS NOTES

(Continued from page one)

Dinner guests at the C. E. Walker home Sunday were: Mr. and Mrs. E. A. Walker, Mr. and Mrs. John D. Walker and Mr. and Mrs. Fred Walker and son.
Mr. and Mrs. Donald Lautenschlager and sons, of Orchard, and Mr. and Mrs. Jerry Lamason, Page spent from Sunday until Tuesday visiting relatives and shopping in Sioux City.

Mr. and Mrs. C. M. Stewart, Mr. and Mrs. Arnold Stewart and son, and Mrs. Melvin Smith and daughter were dinner guests Sunday of Mr. and Mrs. Roy Stewart.

Mr. and Mrs. Henry Michaelson left Tuesday morning for Los Angeles, Cal., where they will visit in the homes of their daughters, Mr. and Mrs. Orville Finley and Mr. and Mrs. Don Huston. Their son, Everett Michaelson, wife and daughter of Nyssa, Ore., will join them there and they will all spend the holidays together.

The W. S. C. S. of the Methodist church met in the church parlors Thursday afternoon. Mrs. Raymond Heiss had charge of the devotions. Several of the elderly ladies told about the early history of the church. Mrs. E. Roy Townsend gave the lesson. Hostesses were, Mrs. Harry Harper, Mrs. Frank Beelaert and Mrs. Nelle McIntosh.

Mr. and Mrs. Fred Walker and son have returned to Page from Fort Lauderdale, Florida, where he had been stationed. He has received his honorable discharge. Enroute home they visited with the Fred Wilber family at Maryville, Mo., and at the home of Mr. Walker's sister, Mr. and Mrs. James McNally and family at Humphrey, Nebr.
