## To Save Money, Mix Your Cough Relief at Home

So Easy! No Cooking. Quick Relief.

Even if you're not interested in saving good money, you surely want a really effective relief for coughs due to colds. So try mixing it yourself in your kitchen, and be ready for a surprise. It's so easy to mix, a child could do it. Make a syrup by stirring 2 cups of granulated sugar and 1 cup of water a few moments, until dissolved. No cooking is needed. Or use corn syrup or liquid honey, instead of sugar syrup. Put 2 1/2 ounces of Pinex (obtained from any druggist) into a pint bottle. Then fill up with your syrup. This makes a pint—about four times as much for your money. It tastes good—children really like it. It lasts a family a long time, and never spoils. But what you'll like most is the way it takes right hold of a cough. It loosens the phlegm, soothes irritation, and helps clear the air passages. Eases soreness, and lets you sleep. You'll say you've never seen its superior. Pinex is a special compound of proven ingredients, in concentrated form, well known for its quick action on throat and bronchial irritations. Try it, and if you're not really delighted, your money will be refunded. —Adv.
