### Pick on Someone Your Size!

An interesting sidelight of the New York Poultry show was this would-be "battle" between a White Plymouth Rock cockerel and a White Rose Comb bantam. Even though the cock has his leg raised in a threatening gesture, he thought better of his action in picking on his tiny bantam opponent.

### Brothers Act Again

### 'Puss-in-Boots' Joins U. S. Army

### Blended Colors in Knitted Rag Rug

IF YOU want to make a really effective rug from odds and ends of fabric—and do it quickly, this knitted rug is the answer. You cut or tear the material in strips about three-quarters of an inch wide, turn in the raw edges and then knit straight strips with needles three-eighths inch in diameter. These are sewn around a center oval.

The colors are important of course and it is essential that the knitted strips be eased in with

evenly distributed fullness. The trick is in pinning them in place first as shown in the diagram. If you do not have the colors indicated, remember that it is always worth while to dye the rags so that they blend harmoniously.

NOTE—This rug is from BOOK 4 which also gives the complete knitting directions for the center oval and the strips. Directions for more than 32 things to make for your homes and for gifts and bazaars are included in this book. Copies are 15 cents each. Send your order to:

Then discussion of its 146 articles at 527,000 public meetings, attended by 36,500,000 citizens, resulted in 150,000 suggestions and amendments, all of which were considered and a number of them were adopted by the Supreme Soviet.
