"Thanks Neighbor...!"
Remember that zero morning when the fellow next door gave you a push that started "Old Betsy" . . . and got you off to work on time?
Appreciated it, didn't you? And you'll gladly return the favor anytime he needs a nudge.
Well, that same kind of neighborliness helps a lot in getting the most value out of party line telephone service. Everyone on the line appreciates the thoughtfulness of short calls . . . allowing time between them for others to use their phone . . . replacing the receiver softly when the line is in use.
Yes, the simple business of being a good neighbor usually means you'll have good neighbors.
