sen and family, spent the day with Mr. and Mrs. Harry Thom-
sen.

Last Thursday afternoon a mis-
cellaneous shower was held for
Miss Marguerite Clark at her
home. A large crowd was pres-
ent. She received many lovely
gifts and a delicious lunch was
served.

Mr. and Mrs. Robert Stevens
drove to Burwell last Monday
and Mrs. Anna Clark returned
home with them. Mrs. Clark had

returned from California and was
visiting at the home of her son
and wife, Mr. and Mrs. Arthur
Clark.

CHAMBERS ITEMS

A card party was given Thurs-
day evening, March 7, at the
home of Mr. and Mrs. L. O. Lenz
in honor of their twentieth wed-
ding anniversary.

Those present were: Rev. and
Mrs. Dale and Sharon, Mr. and
Mrs. J. W. Walter and Norman,
Ernest Lenz, Mr. and Mrs. El-
mer Lenz, Mr. and Mrs. Lyle

Wolter and Mr. and Mrs. Bill
Held.

Several very lovely gifts were
received. A large two tiered
white cake in the form of a
criss was baked by the Chambers
bakery and decorated with love-
ly pink roses and anniversary
greetings and was presented to
the guests of honor by their
daughter, Luetta. It was later
served to the guests.

Prizes were awarded to Mrs.
Lyle Walter and J. W. Walter for
high scores in he games and to
Mrs. Lope Lenz for low scores.

A lunch of sandwiches, coffee,
pickles, ice cream and cake was

served at a late hour. Dus to the
bad roads and flu, some of the
guests invited were unable to
attend.

Grant Beed, of Tilden, came
Thursday for a visit at the Ray-
mond Beed home.

Mrs. Mary Lenz and son Ernest
came up from York last Monday
for a visit with relatives.

bys left the first of last week for
Hastings, where he has employ-
ment. They drove up for the
week-end bringing their sister,
Miss Lorraine Mitchell up for a
visit.

A pair of twins were born on
Wednesday, March 6, to Mr.
and Mrs. Robert Reese at the
Stuart hospital. They were
named Maurice Bruce and Mori-
lyn Marie. We are sorry to state
that the little boy lived only a
few hours. The little girl is
doing nicely.

A fire started Sunday afternoon
on the Wood Jarmán place south-
east of the buildings and burned
a strip about a half mile long
north to the highway. Two
stacks of hay were destroyed be-
fore it was brought under con-
trol. The fire started from sparks
from a stack butt he had been
burning.

Have fun **FLYING KITES** but be careful

Here's How to **MAKE a Kite** Easily:

Here's How to **FLY a Kite** Safely:

Take 3 sticks about 3/8" wide and not over 1/4" thick—two about 30" long and one about 20" long.

Cross the two long sticks so that the top points are about 8" apart and the bottom points are about 15" apart. Lay the short stick across with center at intersection of long sticks. Tie firmly with string at intersection.

Notch each point of the sticks about a quarter inch down from the end and tie a strong string from point to point around outside of frame drawing string tight between all points and tie firmly to each point.

Cut tough, light paper to shape of frame about 1/4" larger than string outline—place kite frame on paper and glue edges of paper over string outline—keeping paper tight.

When glue has dried, turn kite over and tie a string loosely from each end of crossed sticks on paper side of kite. Fasten kite string firmly to intersecting strings at point where the three strings cross.

Tie a loop of string to two bottom points and fasten tail (made by tying strips of cloth together) to center of string loop. Tail should be about fifteen to twenty feet long—depending on flying conditions. If kite dips and darts, tail is too short—if kite sinks and will not rise tail is too long.

The directions at the left will help you to make a good kite. Whether you make your own or buy one at the store, have fun but be careful. Observe these safety rules:

- 1 Keep kites away from electric wires.
- 2 Avoid using metallic string or wire for kite string.
- 3 Do not fly kites in damp weather.
- 4 Don't run across streets or roads.
- 5 If your kite becomes entangled with electric wires or trees near wires, do not attempt to get it down yourself. **NO KITE IS WORTH THE RISK OF INJURY.**

And we repeat:

AVOID FLYING KITES NEAR ELECTRIC WIRES

THE OLD JUDGE SAYS...

TED: "Clem and I were wonderin' what you thought of that new movie about the chronic alcoholic, Judge. Understand you saw it before we did."

OLD JUDGE: "Well... it's true most of us never see a case as extreme as that in real life because they are so few and far between. But it does point out one thing... chronic alcoholics are abnormal people and we've got to change our ideas about how to help them."

CLEM: "In what way, Judge?"

OLD JUDGE: "We've got to realize that excessive drinkers are suffering from more than a craving for alcohol. According to

psychiatrists and medical men at one of our great universities, the alcoholic is a sick person. The study of hundreds of cases shows he is suffering from some physical, social or emotional condition... just as in the case of that poor chap in the picture. Fortunately, they represent only a very small percentage of those who drink."

TED: "Is anything being done to really help these folks, Judge?"

OLD JUDGE: "Yes... a great deal in clinics throughout the country. And with the cooperation of the beverage distillers who sincerely want their product used only in moderation."
