Serve a Salad . . . Save the Vitamins  
(See Recipes Below)

### Spring Salads

One of the best ways of fulfilling the vitamin and mineral requirement in the diet is to have a heaping bowl of fresh salad at luncheon or dinner. If tasty combinations of fruit and vegetable are used, the family will enjoy nibbling these precious morsels of health.

Salad greens should be washed thoroughly and examined carefully to insure the removal of all foreign substances. Then they are placed in a towel or a vegetable hydrator and chilled before being folded together. The bowl in which the ingredients are mixed and the plates on which the salad is served should also be chilled.

When salad materials are cut in pieces, they should be uniform and well-defined enough so that they will not lose their shape in the folding process.

A marinade is often used to add flavor to salad materials. This is made by mixing oil, salt, lemon juice or vinegar. Vegetables, fish or meat may stand an hour or so in the marinade before using. When several vegetables are used, each one should be marinated separately.

I have chosen several crisp spring salads which I know you will enjoy using. They will be particularly welcome with fish dinners or meals made up of casseroles or other hearty foods.

**Jellied Vegetable Salad.**  
(Serves 4 to 6)

1 envelope (1 tablespoon) unflavored gelatin  
6 tablespoons cold water  
2 tablespoons cider vinegar  
1 tablespoon lemon juice  
1/2 teaspoon salt  
5 tablespoons granulated sugar  
1 cup boiling water  
1 cup diced, cooked carrots  
1/2 cup diced celery  
1 cup shredded cabbage

Soften gelatin in cold water. Mix the vinegar, lemon juice, salt, sugar and boiling water together. Bring to the boiling point, and add softened gelatin. Stir until gelatin dissolves. Chill until syrupy. Fold in vegetables. Chill until firm. Serve with mustard salad dressing.

**Garden Salad.**  
(Serves 6)

Lettuce  
Romaine  
Mustard greens  
Tiny onions  
Sliced radishes  
Fluted carrot strips  
Green pepper rings  
Sliced tomatoes  
Sliced cucumbers

**Meat Cooking Hints:** Grinding less tender cuts of meat breaks down tough connective tissue and makes them tender. Use ground meat for patties, meat loaves and meat pies.

Canned meats and ready-to-eat meats may be heated or served with vegetables and a starchy food. There is little waste in them, making them economical.

In buying ham, it is best to buy a whole ham rather than slices. Center slices bought separately are usually twice the price of ham bought whole.

Steak continues to cook after it is removed from the broiler. Serve it at once, if you want it medium or rare.

Stuff corned beef hash into green pepper halves, top with grated cheese for a quick supper idea.

**Wife**—Please, Central, please! I wish to phone my husband who is in his auto. The number is 66-355 J.  
**Central**—Is that a sedan exchange or a limousine number?  
**Wife**—It's on the flivver circuit.  
**Central**—(after a minute or two)—That car seems to be busy.  
**Wife**—It's just the way it acts. Try again please.  
**Central**—I got an answer just a second ago. Didn't you get it?  
**Wife**—No. That was a backfire!  
**Central**—Excuse it, please!

**Central**—Excuse it please. Now I have the number you asked for, madam.  
**Wife**—Is this you, Gerald?  
**Husband**—Yes, Honey. But you'll have to speak louder. I can't hear you. Oh, my mistake! I had the cigar lighter in my ear by mistake.

### Maybe It's Just a Dream

Wonders will never cease. The New York Stock Exchange is now running big space advertisements to keep the public from playing the market!

It is spending thousands of dollars warning people to buy no stock without being sure of the facts behind it. It is blasting tips, rumors and brokerage office gossip.

We expect the following trend any day:

**Beware of Wall Street!**  
A fool and his money are soon parted. Never buy a security unless you are rich, well informed and especially rugged! Write the Stock Exchange now for its special booklet.

**How to Resist a Rumor in Ten Lessons.**

That Hollywood director who slugged a youth five times in a nightclub while the victim was sitting in a chair must have as his slogan, "Never hit a man when he is UP!"

Harvard is conducting a special research into cures for deafness. Its present difficulty is to determine whether Yale men are deaf or just not listening.

Bing Crosby and Barry Fitzgerald are to be together in a new movie, for which Allah be praised. In "Going My Way" they struck this department as a team that made the picture what it was. They parted and Bing appeared without Barry in "The Bells of St. Mary's," a film which needed Fitzgerald badly.

Hollywood studio workers are demanding a 50 per cent wage raise. Nobody out there ever does things in a small way. If things come to a strike we hope the fights between employers and workers will be photographed and used as a new pattern for those screen battles which still follow the routine of 1907.

### VANISHING AMERICANISMS

2—Let's take the whole two dollars and buy a lot of stuff for an all day picnic!  
3—I'll take that \$2 pair of shoes for the little boy.  
4—Yes, that 40 cent lunch will be all right.

**PAUL MUNI** (starring in Charles R. Rogers' "Angel on My Shoulder") tells this one. When he first reached Hollywood, under contract to a film company, he was already famous as a Broadway star. But for six months he did nothing but collect his pay check. Finally he protested to his new boss, who told him not to worry, just to amuse himself—go to Honolulu if he wanted to, leaving word where his check was to be sent. Finally "Scarface" came along, bringing him fame as a movie star overnight. It made so much money for the company that those months when Muni didn't work meant nothing.

It's a good thing Ray Milland isn't jittery; in "California" he gets shaved while sitting in a barber chair in which a man was scalped and murdered. That was way back in 1848, and the murder took place during an Indian uprising, but the blood stains are still visible on the head rest. Later, the chair was used in General Fremont's headquarters in Monterey.

On the set of Metro's "The Show-Off," they brought in a Great Dane who plays an important role. Red Skelton held out his hand, but the dog didn't extend a paw—he knocked Skelton down. Skelton looked up with dawning recognition—it was the dog that was specially trained for Metro's "Bathing Beauty" two years before, trained to knock Skelton down every time he saw him!

Ten years ago the popularity rating ran Major Bowes, Burns and Allen, Rudy Vallee, Jack Benny. In those days Bing Crosby was 14th; he's 6th on the list now, though he's been back on the air so short a time.

Connected, Triple-Braced Traction Bars... Give **Firestone** GROUND GRIPS A "CENTER BITE"

TESTS conducted under a wide range of soil and weather conditions proved conclusively that Firestone Ground Grip tires will give your tractors up to 16% more pull on the drawbar. That's because only connected, triple-braced traction bars... with their extra tread-bar length in the center of the pulling zone... take a "Center Bite."

on ordinary tires. The connected bars are stronger, too, because they are triple-braced. This added strength increases tread life.

These money- and time-saving features are responsible for today's farm preference for Firestone Ground Grips. And they are the reasons why it will pay you to have Firestone Ground Grips on your present tractors and to specify Ground Grips when you buy a new tractor.

\*Area in white shows the "Center Bite" traction zone, not found in other tires because of Firestone's exclusive patent rights.
