Out of the WEST Comes A FIGHTING LEADER

Dwight Griswold

The Man for the JOB

IN this critical hour of strikes and shortages all the Nation cries out for Leadership—and Nebraska has a Great Leader to help fight the battle in Washington—Dwight Griswold.

DWIGHT GRISWOLD is the man for the job... the tough, six year job that demands vigor and action. Born in Western Nebraska of homesteading parents, Dwight Griswold battled his way from the sandhill country to Nebraska's capital. He has proved himself a great Governor. He will be a Great Nebraska Senator.

DWIGHT GRISWOLD gets things done. He is still a comparatively young man. He is fit. Dwight Griswold is a fighting leader, with national prestige. He is a Republican, but not the kind who believes we can go back to the so-called "good old days" of 50 years ago. He believes in a Farm Program, REA, Soil and Water Conservation, Better Farm Roads.

AND Dwight Griswold is no fence-straddler. He has the punch and vigor and COURAGE to get something done about those strikes and shortages. He is opposed by Omaha Court House Politicians, but all Nebraska needs him to help stop these Strikes and get Production Rolling.

Vote Republican June 11th — ELECT DWIGHT GRISWOLD United States Senator
