SMALL DOSES -- Past & Present:

Baseball's Heyday Here

By ROMAINE SAUNDER S. Special Correspondent

O'Neill is showing Norfolk how to play ball. Probably Denny Cronin and Pat McManus remember when an aggregation from Norfolk came to town and made monkeys of us on the ball grounds on the north side of West Douglas street where swank residences now clutter the scene.

Elmer Merriman, George Triggs, George Merritt, Robert Dickson and the others were kept busy fumbling the ball that were sent flying into the field. It was a period in baseball history when smaller towns were just beginning to hire professionals.

RETURNS FROM HOSPITAL

Romaine Saunders, The Frontier's special correspondent, Wednesday returned to O'Neill following hospitalization in Omaha where his right eye was removed.

son, behind the batter, and "Texas," in the box delivering cannon balls that nobody could hit.

The game foreshadowed the retirement of some local talent, and organization of a semi-professional setup, Tex and Wilson, the shortstop and a baseman or two from Norfolk and new ballgrounds laid out south of East Everett street, with "grandstand" and all. The season that followed was the heyday of baseball in O'Neill.

The writer or the intelligent compositor, probably the befuddled writer, went astray by 200 years on ancient history. The paragraph herein of May 30 gave the year 338 B.C. when the Babylonian empire came to an end.

Omaha, "out where the west begins." And I wonder. Has our big town on the west bank of the Missouri lost the spirit of the west or is the confusion that obtains at the bus terminal down there a hang-over from disorganized and somewhat lawless pioneer days?

In mass movement America is taking on the task of feeding 500 millions in famine lands. It could be done more economically if they were over here but maybe 500 millions more citizens would strain our resources a bit.

RICHARD H. LARSON
REPUBLICAN
ON HIS RECORD

REPUBLICANS!!

The primary this coming June 11 is election, as far as the United States Senator contest is concerned.

Senator Hugh Butler has made an excellent record. He has represented the people in the truest sense of the word. Agriculture, the service men and women, industry, labor, schools, the taxpayers—all have felt the benefit of his work in the halls of congress.

He has risen to the highest esteem of both Democrats and Republicans alike. He has been appointed to more of the important committees than has any other Nebraska senator in his first term.

Senator Butler is an honest-to-goodness Republican... standing steadfastly for the American way of life. He will lead the Republican party in Nebraska to certain victory next fall.

He is opposed for no reason except that another man wants his job. Senator Butler deserves a second term.

Be sure you are registered, and go to the polls and vote for him.

Ruth Hoffman
Republican Candidate for Nomination
FOR
COUNTY CLERK

TO THE VOTERS OF HOLT COUNTY:
As I feel that I should not neglect my work in the office, I am unable to contact you personally, so I am taking this means of asking for your support at the Primary Election for nomination as County Clerk.

I am a lifelong resident of Holt County. The Holt County Supervisors appointed me County Clerk a year ago and before that I had worked in the Assessor's Office and the AAA Office in O'Neill.

Taking into consideration the detailed and varied work to be done in this office, I feel that my experience in this and other offices will enable me to run the office more efficiently with less office help, therefore more economically, than anyone without this experience.

Your vote will be appreciated at the Primary Election June 11, 1946.

—RUTH HOFFMAN

TO THE VOTERS OF THE—
First District

I am a candidate for nomination to the office of Supervisor of the First District at the Primary Election June 11, 1946.

The duties of the office prevent me from taking time to meet you all, as I would like to do, but I feel that my record in the office is known to all of you. Holt county has no indebtedness, except the Court House bonds, which cannot be paid until maturity.

We are on a cash basis without a single warrant unpaid. Since January 1, 1942, Holt county, through the County Board, has purchased \$250,000 worth of Government bonds.

During the last four years I have built and repaired 80 bridges for you in this District, and have improved, built and graveled 80 miles of County Road.

I will at all times endeavor to serve you courteously and efficiently and am now asking for your support and influence on that record and on my experience in the office.
