SMALL DOSES -- Past & Present:

Add a Fifth Freedom

By ROMAINE SAUNDERS, Special Correspondent

Two proposed constitutional amendments are receiving consideration for adoption or rejection by the sovereign citizens of Nebraska in November. I find myself opposed to the \$40 school amendment, not that I am not a friend of true education. We are doing enough for our schools at present. The adoption of this amendment would mean a sales tax added to the topheavy tax burden and the large city schools would be the chief beneficiaries of the funds raised, as I view it.

The "right-to-work" amendment appears worthy of support. Truculent unionists say it is an effort to crush organized labor, which it is not. The amendment provides that no citizen of this great prairie state shall be denied a chance to work because of being a member or not a member of a labor union. What's wrong with that?

I am a craftsman. I go up the steps of a publishing plant and inform the bald-headed forman I want to hang up as a sub. He tells me to peel my coat and go to work. I wade in.

Here comes a functionary known as "chapel chairman" and demands to see my union working card. If I do not have this bit of evidence of union membership out I go.

Neither my qualifications nor need of a job are the de-

termining factor. The owners, the business manager, the plant superintendent or the department foreman have not the say as to who is to do their work. Here comes the "chapel chairman."

I am not opposed to unions. But to the four freedoms I add another—the freedom to hold a job because you can do the stuff.

The roadsides in prairie land are ablaze with the goldenrod yellow bloom of the late summer days. The bright lights of "the cities and the marts" lure the multitudes—a shoddy substitute for the transcending charm of nature's colorful adornment.

"All the highways lead to the cities,

To the traffic and the mart; But the byways lead to nature With her warmly beating heart"

World war 11, as was World 1, is followed by scientific horrors of what is going to happen. The sun rises, it sets; stars glow above nights gloom, and out on prairie land we pursue the even tenor of our way.

As if these OPA supervised meals were not enough to upset the normal functions somebody gives us this: "eateries."

No Rabbits to Pull Out of This Hat

NEW AUTOMOBILES are short and the conditions that bring about this new car shortage are beyond the control of your dealer and the Chevrolet factory. Present production rate is less than 30 percent of the 1941 average rate.

STRIKES IN PLANTS

LAST WEEK there were 57 strikes as yet in supplier plants, compared with 59 strikes the week previous. Twenty-six of these strikes have been in progress more than 60 days; 23 of these strikes have been in effect 16-to-60 days, and eight from one to 15 days. The UAW - CIO Union is involved in 14 of these strikes; other CIO affiliated unions were involved in 34 strikes, and remainder involved AFL and the Independent unions.

ABSENTEEISM

PREVIOUS TO THE WAR, the the average rate of absence from work without reason or notice was 2 1/2 percent of total employees on the payroll. Last week this figure was 10 percent.

WORKER EFFICIENCY

IN 1940, worker efficiency was considered as being 100 per cent. At the present time it is figured at 80 percent or it entails 20 percent more workers to obtain same production rate now as compared with 1940.

MATERIAL SHORTAGES

AS REPORTED last week shortages of materials are now retarding the production of Chevrolet cars, trucks and pickups. The most serious shortages at this time are lead and rolled sheet steel. This later shortage is causing a cut back in the production of trucks and pickups for the month of September of approximately 50 percent. The lead shortage is so serious that it could stop production altogether in another 30 days.

THESE FACTS . . .

— indicate the reasons why new Chevrolet cars, trucks and pickups are short, and will remain short for some time to come. Contrary to opinion, only five percent of total production is being exported, not enough to be a factor in the present shortage. We are convinced that we are receiving a rightful share of Chevrolet cars and trucks from the factory, according to the production rate.

WE URGE YOU to keep your present car in good operating condition. Keep it well maintained and lubricated; take care of small needed repairs before they grow into large ones. WE WILL DO OUR part to the limit of our facilities and personnel in keeping your automobile in good operating condition.

SET YOUR SIGHTS

It takes planning to achieve a goal

Some young men know what they want and plan for it. Others are still looking for their niche. The new Regular Army can help both.

Perhaps you want to go to college but can't afford it. If you enlist in the Army, you'll get your chance. Honorably discharged after a three-year enlistment, you are eligible for 48 months of education at any college, trade, or business school for which you can qualify. The Government will pay your tuition, laboratory fees, etc., up to \$500 per ordinary school year, plus \$65 a month living allowance—\$90 a month if you have dependents.

If you haven't found your spot, an Army enlistment offers you training in any of 200 trades and skills. You leave the service eligible for further training at the best civilian schools.

You can assure yourself of the benefits of the GI Bill of Rights if you enter the Army on or before October 5, 1946. See your nearest Army Recruiting Station for details.

HIGHLIGHTS OF REGULAR ARMY ENLISTMENT

- Enlistments for 1 1/2, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
- Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
- A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
- A furlough for men who reenlist within 20 days. Full details of other furlough privileges can be obtained from Recruiting Officers.
- Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist.
- Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
- Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

NEW, HIGHER PAY FOR ARMY MEN

In Addition to Food, Lodging, Clothing and Medical Care

In Addition to Column One at the Right: 20% Increase for Service Overseas, 50% Increase if Member of Flying or Glider Crews, 5% Increase in Pay for Each 3 Years of Service May Be Added.
