WHITE SPOT FARM --- West Point, Nebr.

From where I sit... by Joe Marsh
Going Fishing? Here's How!
 To hear Willie Wells and Basil Strube arguing about trout fishing, you'd think it was more important than the atom bomb.
 Willie favors dry flies, Basil pooh-poohs anything but wet flies. Willie swears by a Royal Coachman; Basil won't hear of anything but a Silver Doctor. And by the time it comes to steel rods versus bamboo rods... #IX&*!?!
 But on Saturday, each got back from Seward's creek with a catch that couldn't have differed by more than several ounces!
 Each had used his favorite kind of fly, his favorite rod and his favorite place to cast. So over a friendly glass of beer, they allowed as how maybe they were both right... which is how so many arguments should end.
 From where I sit, if we all respected one another's different opinions—whether about trout flies, or drinking beer, or voting, life would be a whole lot pleasanter.
 Joe Marsh

IF YOU WANT MORE EGGS FEED

COOPER'S CRUNCHIES
 NEW GRANULAR Laying FEED
 More PALATABLE! More DIGESTIBLE!
 A COOPER FEED FOR EVERY NEED!
 It is a known fact that a hen with good breeding will lay more eggs if she is encouraged to eat more feed. Cooper's "Crunchies" Laying Feed encourages hens to eat more... they like it better than mash or pellet feeds. As a result egg production increases when the hoppers are filled with "Crunchies." As egg production increases, the cost of feed per egg laid goes down—that means bigger profits. So feed the kind of feed hens like to eat—Cooper's "Crunchies."
 Crunchies Laying Mash \$4.05
 Regular Type 3.95
 Cookers Laying Pellets 4.15

Labor Boss-Dictators have a right to be worried over the "Right to Work" amendment! Here's why: It would prohibit the "closed shop" through which they maintain a dictatorial monopoly on jobs and labor. It would permit each working man to be independent. The worker would not have to join a union against his will. He would not have to pay exorbitant initiation fees, or political and special assessments, if he didn't want to.

The Worker Isn't Worried! THE WORKER BENEFITS by the "Right to Work" amendment. Here's why: He can join or quit a union without fear of losing his job. He can offer objections to the way the union is run, to the levying of special assessments, or express himself in any other way without fear of being "disciplined" or kicked out. He can work and earn a living for his family without being fired because he joins a union or because he refuses to join one.

The Farmer Isn't Worried! THE FARMER BENEFITS because the "Right to Work" amendment will be an aid to industrial peace. It will help him to more readily obtain much needed farm equipment. It will aid in the more orderly marketing of his products. It will bring about greater prosperity.

The Housewife Isn't Worried! THE HOUSEWIFE BENEFITS greatly. Industrial peace will mean a steadier income for her family. Necessary goods and services her family require will be more available. The workers in her family will have more independence.

The Public Isn't Worried! THE PUBLIC BENEFITS because the "Right to Work" amendment will bring about steadier employment, help build more industries—more jobs—and bring greater prosperity to Nebraska.

HOW UNION BOSSES CONTROL JOBS!
 A Nebraskan from a small Nebraska city writes: "The job I worked on was a non-union job, but an A.F. of L. union forced a contract on my employer and then refused me membership in their brotherhood." This worker, a resident of Nebraska for 47 years says: "Now, I see my state letting a New York Union step in and run my life... I want Nebraska laws for Nebraska men and women."

HOW TO VOTE
 There will be MANY ballots. You must be CAREFUL in your voting. The "Right to Work" amendment is identified as Constitutional Amendment 302. VOTE YES.

End LABOR BOSS DICTATORSHIP
VOTE 302 YES Nov. 5th
