Kidneys Must Work Well

For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.
Burning, stinging or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.
Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

DOAN'S PILLS

HOUSEHOLD MEMOS by Lynn Chambers

Delight the Family With Coffee Cakes (See recipes below)

Hot Breads Are Delicious

Whether you serve yeast breads or hot quick breads, they lend themselves graciously to winter menus. The varieties for both are numberless, and you can take your choice of spicy or fruit ones.

Hot breads are hearty foods, but they're welcome at this season both from the point of eating and the comfortable air which fills the kitchen when we make them. They have a staying quality, too, which satisfies winter-sharpened appetites.

We start the parade off with a colorful cranberry coffee ring which can be put together in a wink of time.

Cranberry Coffee Ring. (Serves 12)

- 1 1/2 cups sifted flour
- 3/4 cup sugar
- 2 teaspoons baking powder
- 1/2 teaspoon salt
- 1 egg
- 3/4 cup milk
- 3 tablespoons melted shortening
- Cranberry orange topping

Sift flour, sugar, baking powder and salt together. Beat egg, add milk and shortening. Stir into dry ingredients, mixing only enough to moisten them. Spread topping evenly over bottom of greased ring mold. Pour batter over topping. Bake in a moderately hot (425 degree) oven for 25 minutes.

Cranberry orange topping: Mix together 3 tablespoons melted butter with 1 teaspoon grated orange rind, 1/2 cup sugar and 1 1/2 cups of whole cranberries.

Do you want to do something special for breakfast or for lunch box sandwiches? There's nothing better than this flavorful brown sugar butter-milk bread:

*Butterscotch Bread.

- 2 eggs
- 2 cups brown sugar
- 2 tablespoons melted shortening
- 4 cups flour
- 1 1/2 teaspoons soda
- 1 teaspoon baking powder
- 1/2 teaspoon salt
- 2 cups sour or buttermilk
- 1 cup chopped walnut meats

Beat eggs, add sugar and shortening and beat well together. Sift flour, soda and baking powder together with salt and add to egg mixture, alternately with milk. Blend in nuts. Pour into greased loaf pans and bake in a moderate oven (350 degrees) for 45 minutes.

There's nothing so nice for a special breakfast, dinner or luncheon as a sugar-saving cinnamon roll recipe. When it's baked and glistening golden brown, frost it until it looks lacy with a powdered sugar and milk icing if you want it to be especially glamorous.

Cinnamon Rolls. (Makes 3 dozen)

- 1 cup milk
- 2 cakes yeast
- 3/4 cup extra-sweet, white corn syrup
- 2 teaspoons salt
- 3 tablespoons shortening
- 3/4 teaspoon nutmeg
- 1/2 teaspoon lemon or vanilla extract
- 1 egg, beaten
- 4 cups sifted flour

LYNN SAYS:

Use These Handy Tips For Easier Homemaking

White scum on sauerkraut is a yeast growth. It can be controlled by means of proper covering and weights on the kraut to prevent exposure to air.

The clothes moth pays no attention to the calendar, especially in warm homes, and it's a menace to wool, fur and feathers the year around. Air clothes often and have them mothproofed.

LYNN CHAMBERS' MENU

- Broiled Salmon with Lemon Wedges
- Silvered Carrots and Peas
- Celery Sticks
- *Butterscotch Bread
- Grapefruit Salad
- Lemon Chiffon Pie Beverage
- *Recipe given.

Heat milk to scalding; cool to lukewarm; add yeast and let stand 5 minutes to soften. Cream together the extra-sweet corn syrup, salt, shortening, nutmeg and extract. Add egg and beat thoroughly. Add milk mixture and flour alternately, mixing until smooth after each addition. Cover and let rise until doubled in bulk. Knead lightly on floured surface. Let dough rest 15 minutes. Roll 1/4 inch thick, sprinkle with cinnamon sugar and raisins, as desired. Roll as for jelly roll and slice with a sharp knife. Place in greased cake pan. Let rise until doubled in bulk. Bake in a hot oven (400 degrees) about 20 minutes.

If you like coffee cake made in fancy shapes, you'll like the following, which is just as festive and tasty as possible.

Farm Topics

Concrete Floors Increase Profits

Faster Gains and Feed Savings Prove Results

By W. J. DRYDEN

Faster gains and the saving of feed are the aims of every hog raiser. Among the most essential farm improvements that may bring these results are concrete feeding floors. Such floors help produce more pork and save feed from being lost in the mud.

Each hog should have 10 square feet of floor space. To build 100 square feet of floor, 4 inches thick, it

will take 7 1/2 sacks of portland cement, 3/4 cubic yard of sand and 1 cubic yard of gravel or crushed rock.

If the area to be paved is poorly drained, it is best to place the concrete slab on a well-tamped fill of about six inches. If the concrete is to be driven over, it should be six inches thick.

New concrete should be properly cured by covering with earth or straw as soon as it has hardened enough not to be marred, and then kept moist for at least five days by frequent sprinkling.

KNOW YOUR BREED

Morocco Spotted Horse

By W. J. DRYDEN

The Morocco horse originated in the crossbreeding of the Morocco Barb and the English Hackney and the French coach horse.

The conformation of the Morocco Barb is somewhat similar to the Arabian horse.

In size the Morocco varies from 1,050 to 1,400 pounds. It is a general purpose horse, bred for work as

Ideal type of Morocco spotted horse.

well as pleasure. The working team is fast and steady, and has considerable stamina. They have the power to reproduce themselves true to type and color even when used with other colors and breeds.

To be registered they must stand 14 1/2 hands high. Type must be clean and neat with ample legs to be suitable for either saddle or harness.

Telling Sheep Age By Teeth Diagrams

The age of sheep up to four years can be determined easily by examining the teeth. The mouths of sheep are equipped with a full set of 24 molar teeth on both upper and lower

jaws. In addition to these eight incisor teeth are provided along the front of the lower jaw.

The chart designed by University of Alberta should prove an accurate guide in determining or estimating the age of sheep.

Alfalfa Seed Yield Increased With DDT

Alfalfa seed plots at the Utah station dusted with DDT to control lygus bugs produced 400 pounds of seed per acre—fields not dusted produced less than 100 pounds.

Until DDT became available, no insecticide had been found that would control these insects at a cost that was economically feasible. The tests proved that DDT offers promise of greatly increasing seed production by control of lygus bugs.
