## HOUSEHOLD MEMOS... by Lynn Chambers

### Brisk Winter Days Stimulate Appetite For Substantial Food

A fluffy, golden browned casserole is ideal supper fare for cold nights. This one combines protein foods such as dried beef and eggs with the vegetable, which is whole kernel corn.

### Make Hearty Meals

When the family comes tramping home on cold nights with the appetites of woodsmen, many a homemaker is put to the acid test of really filling them up with plenty of hearty, nourishing food.

Sometimes appetites seem endless, especially when the food is not suited to weather or to work and play, but there's an answer to all this.

Hearty foods solve the puzzle best, so bring out the stews so rich in vegetables and inexpensive cuts of meat, casseroles with sauces and gravy and top them off with hunger-satisfying desserts. Don't forget the vegetables and fruits as these are an important cog in balancing the meal and rounding it out.

Another easy trick to take the edge off sharp appetites is to serve a piping hot soup of some kind just before dinner. This may be light or hearty depending upon the type of family you have. This, too, is economical because you can use bones from roasts or the carcass of a fowl from dinner and toss in some vegetables, and have enough soup for several days.

A soup is nice to serve before the following casserole. Top it off with a fruit salad and an easy-to-make pudding dessert, and you have the meal complete.

**Corn-Chipped Beef Souffle.** (Serves 6)

4 tablespoons butter  
1 cup flour  
1 cup milk  
4 eggs, separated  
1 cup whole kernel corn  
1 cup shredded chipped beef (about 3 ounces)

Melt butter, blend in flour and add milk. Cook over direct heat, stirring constantly until sauce thickens and boils. Stir hot sauce into well beaten egg yolks, add corn and shredded beef. Fold in stiffly beaten egg whites, lightly but thoroughly. Turn into a six-cup casserole and bake in a moderate (325-350-degree) oven for one hour until a knife inserted comes out clean.

**Salmon-Lima Bean Casserole.** (Serves 6)

2 tablespoons diced onion  
2 tablespoons fat  
4 tablespoons flour  
2 cups milk  
1 teaspoon salt  
1 tall can salmon  
2 cups green lima beans, cooked  
2 slices bread  
2 teaspoons butter

Cook onion in fat until golden brown and tender. Add flour and blend. Stir in milk and salt. Cook, stirring constantly until thick and smooth. Alternate layers of flaked salmon, lima beans (which have been drained) and white sauce in a greased casserole, ending with white sauce. Butter bread and cut in cubes. Sprinkle over top of casserole and bake in a moderate oven for 35 minutes or until golden brown.

Tricks for Homemakers Save Time, Energy

To prevent lumping, store brown sugar in a moist place, such as a breadbox. Confectioners' and powdered sugar may be stored in tightly covered containers.

The brownish color on the surface of used tin pans is tin oxide. This is a better conductor of heat than the tin, thus explaining why cakes brown so much more easily in used tins than in new ones.

\*Lamb Stew, Parsley Dumplings. (Serves 6)

Buy 2½ pounds lamb shoulder, chuck or shank. Cut the meat in one-inch cubes, dredge with flour and brown in hot fat. Season with salt and pepper and cover tightly after adding two cups of broth or water. Simmer slowly for 30 minutes and then add whole small sliced onions or sliced onion rings, sliced carrots, diced potatoes and 1½ cups drained peas. Cover tightly and cook until vegetables are tender, about 45 minutes, adding more water or stock if necessary.

To make parsley dumplings, sift 2 cups of flour with 1 teaspoon salt, 4 teaspoons baking powder and ¼ teaspoon pepper. Add 1 well beaten egg, 3 tablespoons melted butter and ¾ cup milk. Mix to a moist stiff batter and add 3 tablespoons minced parsley. Drop by spoonfuls onto stew, cover closely and cook without lifting cover for 18 minutes.

Remove dumplings to platter and arrange with meat and vegetables. Thicken gravy in pan with flour-water paste. Add a dash of Worcestershire sauce and pour over stew. Serve at once.

How do you plan your desserts? Well, naturally you want them to go with your main dish, but consider their planning from another point of view also. If you're using the oven, have a baked dessert to utilize heat to the fullest. If you're cooking a top-of-the-stove meal, make a refrigerator dessert so as not to use the oven for just one thing.

**American Pudding.** (Serves 6)

¾ cup flour  
1 teaspoon baking powder  
4 tablespoons shortening  
¼ cup sugar  
¼ cup milk  
4 tablespoons currants  
1½ teaspoons grated lemon rind  
1½ cups boiling water  
¾ cup honey  
¾ teaspoon salt

Sift flour, measure, then sift with baking powder. Cream one half of shortening, add sugar. Add milk and flour, alternately beating until smooth after each addition. Add currants and lemon rind. Turn into greased baking dish. Combine remaining shortening, honey, water and salt and pour over batter. Bake in a moderate (350-degree) oven for 40 to 45 minutes. Serve warm with cream.

This next recipe is truly a hasty pudding. It's quickly made and delicious, too, now that whipped cream and marshmallows, absent so long from our grocery shelves, are back with us again.

Make the most of your lamb stew by serving it in your prettiest deep platter with vegetables, parsley-flecked dumplings and tender morsels of lamb riding on top of the savory gravy.

**\*Hasty Pudding.** (Serves 6)

To one cup of whipped cream, add 1 cup brown sugar and 1 teaspoon vanilla extract. Blend thoroughly. Add 15 graham crackers which have been broken into small pieces; 4 bananas, quartered and sliced, and 18 marshmallows which have been snipped with scissors into small pieces. Mix lightly and chill well before serving.

This hasty pudding can be dressed up beautifully for a company dinner in tall glasses and topped with a garnish of whipped cream and a dab of red jelly or jam or a cherry.

To prevent cake icing from sticking to the knife, dip the knife in hot water before slicing.

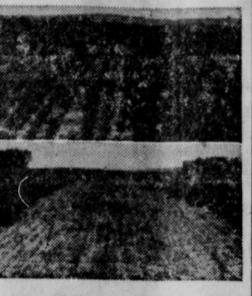

Lettuce, string beans and other vegetables often are more easily cut with scissors than with a knife.

A good way to use old soap is to grate the scraps on a household grater or put them through a food chopper and use them for laundry. Thickening for soups and gravies may be made quickly by beating equal amounts of flour and water to a smooth paste in a shallow bowl with an egg beater.

### Alfalfa Benefited By Superphosphate Provides Protection Against Winter Kill

How 45 per cent superphosphate drilled with alfalfa seed at the rate of 100 pounds per acre not only stimulates growth of the seedlings but

also gives marked protection against winter-killing was described by Prof. H. E. Myers, agronomist at Kansas State college.

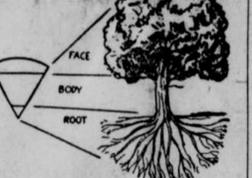

The beneficial effects of the fertilizer treatment are illustrated in the accompanying photographs taken in an alfalfa field in Kansas.

The alfalfa was seeded August 15 and 16. The fertilizer was placed in the same row with the seed. The last two rounds were drilled without fertilizer.

As shown above, there is an almost complete absence of plants in the center unfertilized strip as the result of winter-killing. The crowns of the unfertilized plants were about three inches above the soil surface by spring. The fertilized plants remained in place, thrifty and undamaged.

### That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

## Valuable Suggestions on Small Home Planning, Financing and Building

### This Home-Mixed Cough Relief Is Wonderful

No Cooking. So Easy. Saves Dollars. To get the most surprising relief from coughs due to colds, you can easily prepare a medicine, right in your own kitchen. It's very easy—a child could do it—needs no cooking, and tastes so good that children take it willingly. But you'll say it's hard to beat for quick results.

First, make a syrup by stirring 3 cups of granulated sugar and one cup of water a few moments, until dissolved. Or you can use corn syrup or liquid honey, instead of sugar or syrup. Get 2½ ounces of Finex from any druggist, and pour it into a pint bottle. Fill up with your syrup. This gives you a full pint of really splendid cough syrup—about four times as much for your money. It never spoils, and lasts a long time.

And it gives quick relief. It acts in three ways—loosens the phlegm, soothes the irritated membranes, and helps clear the air passages.

Finex is a special compound of proven ingredients, in concentrated form, well known for quick action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.

### Old House—New Face

WITH building materials for new homes still scarce, it's often good sense to face-lift an old house. Make sure before going ahead, however, that the structure is sound.

And how about the interior of your house? Is it dated by dark woodwork, ugly exposed radiators, ungainly archways? Often a few simple improvements can change the whole appearance of your home.

Whether you're planning to build, buy or remodel a home, our Reader Service booklet will give you many valuable suggestions. Illustrations galore! Send 25c (coin) for "Small Homes-Planning, Financing, Building" to Weekly Newspaper Serv-
