... IT STAYS SILENT, LASTS LONGER

You'll never be surprised with refrigerator noise and trouble when you pick the refrigerator that freezes with no moving parts. For in Servel's freezing system, there's nothing that can wear or get noisy. Different from all others, the Servel Gas Refrigerator uses just a tiny gas flame to provide constant cold and ice. Come look, come listen.

Come see Servel's wonderful modern conveniences. Big and roomy, Servel has just-right temperatures for meats, for vegetables, for frozen foods. Best of all, it offers permanent silence, longer life. Right now, we haven't enough Servels for everybody. But more are arriving every day. And this different refrigerator is worth waiting for.

SERVEL IS DIFFERENT...

NO NOISE!
NO MOVING PARTS TO WEAR!
LONGER LIFE!
