BRICK, CORNER BUSINESS PROPERTY
 — and —
GROCERY & MEAT FIXTURES
 of the Farmers Union Co-Operative Gas, Cream & Produce Company will be sold for cash at
Public Auction

in the main lobby of the Court House in O'Neill at one o'clock in the afternoon of
TUESDAY, APRIL 8th, 1947

This property is described as Lot One in Block Sixteen of the Original Town of O'Neill. It is a desirable corner lot 22 1/4 x 170 feet, just south across the street from the Post Office. Improved with good, brick building, recently re-decorated, with city water and sewer connections, furnace, cemented basement, and full glass east front. Two frame stucco additions are attached to the rear. Now occupied by Union store.

Abstract extended to date of sale, showing merchantable title, will be provided. Sale is subject to the rights of the present tenant.

The following personal property, all completely overhauled and reconditioned and in A-1 condition and in use by the above Grocery and Meat Market in the above building, will also be sold, all together: —

- 1 meat grinder; 1 Meat display case, 8 ft.
- 1 Hobart slicer; 1 McCaskey register;
- 1 Dayton scale; 1 Cookie case;
- 1 Walk-In meat case, Albert Ross; 1 Coffee mill;
- 1 Adding machine;

together with counters, shelving, knives and other small fixtures and equipment now in use in the above store and belonging to the undersigned.

Real property and personalty will be offered separately and together & will be sold whichever way brings the most money. Sale of both real property and personalty is subject to the approval of the owners. Down payment will be refunded if sale not approved.

TERMS: Cash equal to 25 percent of bid on day of sale; deal to be closed and balance purchase price paid in cash as soon as possible and within 20 days of date of sale.

The Atkinson Livestock Market is Pleased to Announce:

1—The formation of a new Operating Partnership designed to meet more efficiently the management problems of our ever-increasing business.

2—A \$30,000.00 Reconstruction and Expansion program to start May 1, 1947.

THE NEW MANAGEMENT:

Mr. Jos. M. Kokes and Mr. Laurence Storjohann will become full partners with Mr. E. C. Weller in the operation and management of this market on April 1, 1947.

Mr. Kokes, whose prompt and efficient service in the business office ever since this market was established in 1933, has contributed much to the success of our organization. He needs no introduction to our friends and patrons. Mr. Kokes will continue as secretary of our firm, and manager of our business office.

Mr. Storjohann has been a state brand inspector for several years and is well and favorably known by livestock men in this area. We are pleased to have him join our organization as manager of our stockyards and all yardage facilities.

Mr. Weller, auctioneer, and the founder, will continue to direct all of the market's promotional activities, advertising, and selling. Mr. and Mrs. Weller retain complete ownership of the sale plant.

THE BUILDING PROGRAM:

Construction will start May 1 on our new, modern, air-conditioned and automatically gas heated pavilion 48x76 feet, with a seating capacity of one thousand persons—50 per cent larger than the pavilion which was destroyed by fire last fall. The expansion program also includes a new, up-to-date hog and cattle barn, and our completely new and modern cafe. The capacity of our stockyards will be increased to accommodate approximately 4,000 head.

We will operate two-day auctions during the heavy marketing season, and our facilities, both as to management and physical plant, will be such that we can serve you efficiently during these peak operating periods.

GET READY FOR FALL & WINTER WORK
 BUY A FARMHAND TODAY

The Hydraulic Farmhand will handle 30 or more farm jobs. For all around farming, lifting big loads, and a variety of uses, it beats any other machine on the market today. It's easy to operate. Lift 3,000 pounds; raise it as high as 21 feet. The only loader with a "bridge of steel"; lets you handle big loads "off center" without strain.

For Fall Work: Elevate corn, pile logs, clear land, load trucks or flat cars. Gravel Scoop takes 10 cubic foot bits. For Winter Work: 33 cubic foot snow scoop clears yard or road. Forage Fork takes hay out of stacks; a Hydraulic Farmhand makes winter work fast and easy. None has worn out in 6 years; fits all 2-plow or larger tractors.
