Weeds Cost Farmers Millions Of \$ \$ \$

Weeds compete with valuable crops. They draw off
 moisture and nutrients, and they rob you of time and hard
 labor. Farmers, get rid of pesky, costly broad-leaved weeds
 . . . put Dr. Salsbury's Selective WEED-KILL to work on
 your farm!

WEED-KILL, the wonderful new 2-4-D concentrate,*
 destroys most broad-leaved weeds right down to the root
 tips. Kills dock, thistle, bindweed, cocklebur, ragweed, Jim-
 son weed, goldenrod, mustard, honeysuckle, and many other
 farm weeds. WEED-KILL does not injure most grasses, in-
 cluding small grains past the seedling stage.

Dr. Salsbury's Selective WEED-KILL can be sprayed
 with a hand or power-operated outfit. Just dilute concen-
 trate and use according to directions. Safe and economical!
 One gallon, diluted, covers 1 1/5 acres . . . five gallons, di-
 luted, has a spread of six acres.

NOW THAT THE TELEPHONE STRIKE IS ENDED...

May we first of all thank you sincerely for your tolerance
 and undersanding during the trying period just ended.

We deeply regret any inconveniences you may have been
 caused.

Honest differences of opinion existed between the union and
 the company. In fairness to it's customers, the company in-
 sisted from the outset that the dispute be resolved here in our
 territory. The agreement just reached through collective bar-
 gaining negotiations and conciliation came after assurances by
 the union that it was a free and independent bargaining agent.

Now that the strike is over, telephone men and women ev-
 erywhere throughout our territory are being welcomed back to
 their jobs. We assure you that we will work as hard as we can
 to get back to regular day-to-day operations as quickly as possi-
 ble . . . and to carry forward our plans for constantly improving
 and expanding our service.

The overall cost to the company resulting from the wage
 settlement amounts to \$4,500,000 annually, of which some \$720,-
 000 will be incurred here in Nebraska. In reaching this agree-
 ment, we did everything we could to see that the wages we pay
 are fair to all concerned and not unreasonable in their effect on
 the rates you pay for telephone service.
