

SURGE IN 9TH FALLS SHORT

Four errors and two hits in the third frame were costly to the Junior Legion baseballers in a game here Sunday with the Elgin Juniors. The visitors, district league leaders, won 7-4.

A stellar pitching exhibition was staged by Sholes, of O'Neill, who fanned 13, and Schmidt, of Elgin, who set down 12.

A five-hit surge in the ninth produced four runs, but came too late to salvage the game. Jochum came from the bench to relieve Schmidt and stem the O'Neill attack.

O'Neill plays Sunday at Chambers.

RECOMMEND TRAINING FOR 18-YEAR-OLDS

President Truman appears in a jovial frame of mind as he receives the report of his advisory commission on universal military training. Mem-

bers of the commission here are (left to right) the Rev. Edmund Walsh, Dr. Karl Compton, Judge Samuel Rosenman, Mrs. Anna Rosenberg, Truman

Gibson and Dr. Daniel Poling. The group recommended that every 18-year-old youth receive training.

THE RAINS CAME... AND KEPT COMING

With much of the midwestern harvest already in grave danger of being washed out by record downpours or stunted by subnormal temperatures, farmers, two to five weeks be-

hind in planting, are offered small hope by weather forecasters. Additional rains were predicted to follow, an all too short period of the sunshine needed so desperately to dry

off flooded fields. Here David VanBevefen, 14, of near Chicago, Ill., becomes mired in swampy acreage on his father's farm as he vainly tries to work field.

Braddocks and Guests Tell of Bad Storm

PAGE — Mr. and Mrs. Edwin B. addock drove to St. Paul Monday, June 9, to attend the sale of Mrs. Braddock's father's home-stead. There they met Mrs. Braddock's sisters, Mrs. A. C. Marshal, of Temple City, Calif., and Mrs. E. M. Barton, of Atlanta, Ga. This was the first time in many years that the sisters had been together. Also they were joined there by the ladies' cousin, Mrs. Warren Lilly, and husband, son, Chancey, and daughter, Mrs. Mable Countryman, of Methow, Wash., whom they had not seen for 50 years.

They accompanied the Braddocks home for a visit here. The Lillys left for Washington Saturday morning and Sunday Mr. and Mrs. Braddock took the sisters to visit Mrs. Braddock's daughter, Mrs. Ruth Lund, at Genoa.

They experienced the storm which destroyed two barns on the home farm. They saw much evidence of this storm everywhere in central Nebraska, but found no homes totally destroyed. Destruction of barns, granaries and windmills was common.

At their old home the family went to the basement and the roof blew off. The vibration of the house caused the piano to play continuously.

O'NEILL LOCALS

Last Thursday and Friday, Mr. and Mrs. Lee E. Osborn and sons, Wayne and Norman, and Mrs. Osborn's mother, Mrs. Nettie Clevisch, were in Lincoln.

ABOUT BINDER TWINE

Let's Look AT THE Situation:

EVERYONE who lives on a farm knows that for years there has been a scarcity of binder twine. But probably very few persons realize first, that that scarcity will continue to exist for some time, and, second, that since October 24, 1946, there has been a 127 percent increase in the price of raw fiber at American ports. In addition there has been a more than 60 percent increase in the average hourly earnings of twine mill workers since January, 1941.

AS A WARTIME measure in the interest of price stability, the United States Government subsidized the price of raw fiber. The subsidy, which was 4½-cents per pound, was removed last October. This automatically increased the cost of raw fiber at the ports at 4½-cents per pound.

THERE HAVE been other increases in the manufacture of twine. Of necessity, the increases must be added to the cost of the finished product. These are the chief reasons for the recent price increase of binder and baler twine.

RECENT PRICE REDUCTIONS

on many items are evidence of our policy to reduce prices wherever possible.
