Surveyor Finds Center of Section in Middle of Town this week. They are cards which the pupil is to take with him

60 Years Ago

(July 28, 1887) Surveyor Thompson has been doing some work in O'-Neill this week establishing correct lines, etc. He found the center of the section at the intersection of Douglas and Fourth streets and placed a stone at the spot and will now have something to work from when he has any lines to run in the future.

J. J. Abbott has more grit than the ordinary man, or at least we should think it. One day last week he had 24 teeth extracted without getting out of the dentist's chair.

The game of baseball between the Blues, of Atkinson, and the Browns, of O'Neill, was called at the last half of the seventh inning on account of rain, the score standing on even innings 9-12 in favor of the Blues. The game was well contested, and some very fine plays made. The Blues are a nice lot of boys and play a good ball, but we hardly think they would prove a match for the Browns if the latter were in practice.

We have been too accommodating in the way of credit, more than we could afford, and in consequence we come to the end of our rope. It is a 'wood chuck case' and we must have some money or we can't buy more goods. Much as we regret the necessity we are compelled to announce that hereafter we shall sell only for cash. The sums due us are individually small, but large enough in the aggregate to pay our debt if we can only get them in.

50 Years Ago (July 29, 1897) Born to Mr. and Mrs. S. Barnard, on July 25, a girl. It's so confoundedly hot these days that the water in the standpipe boils, and the city dads are seriously considering the scheme of laying a line of pipe to conduct the

steam back to the pump house, and there utilize it to run the pump. The saving in coal would more than pay for the necessary pipe and the labor

of laying it.

The O'Neill board of education elected Miss Thompson assistant principal Friday evening at a salary of \$50 per month. This is a nice advance in salary over what she received the past year, and the high school being less than half as large as the Ord the work will not be so trying to

the nerves. Advertisement: "We want the people to know that bytaking the Pacific Short Line they can get through from Yankton, Sioux Falls, Mitchell and other South Dakota points without laying over 24 hours in Sioux City at 5 p.m., making close connections at O'-Neill daily, except Sunday."

An aggregation of baseball niners went to Atkinson Sat-urday to mop the earth with the Atkinson ball-team, but they didn't do it. When the boys got back their tail feathers were all plucked and they looked as if the Atkinson team had literally wiped the earth with them. They used the lid of a drygoods box for a score-card, and when the totals were footed they stood as follows: Atkinson 25, O'Neill 18.
