

CELIA SIDELIGHTS

Mrs. L. W. Terwilliger spent last week at the Stuart hospital to be with her daughter, Mrs. Jack Winings, who is a patient at the hospital.

Conrad Frickel, sr., and sons trucked 82 head of steer calves to Atkinson November 4 and sold them at the livestock pavilion. They brought \$24.10 a hundred.

Most of the people from the Celia neighborhood were X-rayed by the mobile unit while it was in Atkinson. The Celia Homemakers were instrumental in bringing this unit to Holt county.

Mr. and Mrs. R. L. Pease called on Mrs. Jack Winings at the Stuart hospital on November 5. Mr. and Mrs. R. L. Pease and son, Bob, attended the pasture-

forage-livestock meeting in Stuart on November 5. Many Atkinson businessmen indicated their interest in farm and ranching people by attending the banquet. Among Atkinson people attending were: Mr. and Mrs. Millard Ellenwood, Mr. and Mrs. Muri McClure, Mr. and Mrs. Leo Seger, Tom Slattery, Mr. and Mrs. Bernie Wilson, and Mr. and Mrs. Charles Chace. Two Celia residents who were to have been on the roundtable discussion: were unable to attend. They were Mrs. S. V. Johnson and Mrs. O. A. Hammerberg.

Mr. and Mrs. Dell Scott have been searching towns and cities in Nebraska for plaster for their home which they are remodeling at Celia. A few days ago they had not found any.

The season's first snow visited this community November 6 and piled up some two-foot drifts. Colder weather and snow started the flight of ducks and geese toward the southland and warmer climates. In V-shaped wedges the birds flew over the Celia community by the hundreds Friday. The snow caught dozens of flowers still gayly blooming and blanketed them with white.

Conrad Frickel, jr., Celia's flying farmer, flew to O'Neill Saturday to get gas for his Taylorcraft plane. The plane has three tanks to hold gas, one in each wing and one in front, back of the motor. His wife reported that she thought it would hold about 24 gallons of gas.

Celia's now-famed "brooder" school house has been modernized! Electric lights have been installed in it, powered by the light plant owned by Conrad Frickel, jr., whose children attend the school.

HIGH COST OF LIVING PROBE

Mrs. Nessa Feldman, of the League of Women Shoppers, presented her case against soaring food prices in graphic fashion when she appeared before a joint congressional sub-committee which was holding hearing on the abnormally high cost of living. She demonstrated the difference between prices of the same foods in 1939 and 1947. Numerous other groups also appeared before the committee, headed by Sen. Ralph E. Flanders (Rep., Vt.) to protest against prices.
