1948 PHILCOS NOW ON DISPLAY

## Kohler Electric Plants

**E-L-E-C-T-R-I-C-T-Y  
— For Every Need ! —**

- **FOR THE FARM** the KOHLER Electric Plant is indispensable with those already enjoying its clear, steady light and reliable, economical power. It lights the barn and the yard. Chores can be done after dark, thus giving extra productive hours. The hen house can be lighted to stimulate egg production during short winter days. Fire hazards from open-flame lanterns are banished.
- **POWER FROM** the dependable KOHLER plant operates the washing machine, vacuum sweeper, toaster, radio and flat iron. It also pumps water for the kitchen and bathroom. Outside the home the power may be used to operate the milker, cream separator, feed grinder, fan mill, and other machines ordinarily turned by hand.
- **EVERY WEEK** we install KOHLER plants in the O'Neill territory. We can supply them for every electric need. Free estimates on the plant and installation. Inquire today.

### GIVE HIM HIS OWN PHILCO '200'
