

Model A Ford Owners Attention!

Special Prices on Repair Labor

Many Model A Fords need repairs. The longer you delay when work is needed, the larger the repairs needed.

For the present we are quoting special labor prices on putting Model A Fords in first class condition as an inducement to you to have the work done now.

It takes thousands of dollars worth of machinery to properly repair a Ford car. We, and we alone in O'Neill have this equipment and it costs no more here.

Labor prices are set by the Ford Motor Co. at a fair price. We are reducing these prices for the time being.

Look these reduced labor prices over and remember this is the only Ford Dealership in O'Neill and you get only genuine Ford parts here.

Monthly payments on the repair bill may be arranged if more convenient to you.

Bring in your Model A Ford. We will check it all over free and tell you just what it needs to put it in A-1 shape.
