#### You Can Stop that Rheumatic Pain

The constant nerve-wracking pain that spells rheumatism or neuritis can be relieved, often stopped entirely. The new treatment which gives quick results where old methods have failed calls for two or three daily applications of B. & M., The Penetrating Germicide. Used externally, this preparation seldom fails to stop the intense pain in a few hours. Also, where the trouble is caused by germ infection, the B. & M. treatment will destroy the germs, making it possible for Nature to restore normal conditions. Your druggist should be able to supply B. & M. If not, send us his name and \$1.25 for a full-size bottle. Or ask for free booklet. F. E. Rollins Co., 53 Beverly St., Boston, Mass. (Adv.)
