to records of the county superintendent of schools, Holt county rural schools have an average of twelve pupils. The largest enrollment is in District 113 near Ewing, with 37 pupils. Elizabeth Bauer is teacher in this district. . . . Roads were pretty well blocked by snow the latter part of last week and the fore part of this week. The rural mail carriers could not cover their routes on account of the drifts. On Tuesday Mervin Butler rigged up a bob sled and got the old nags out. He was thus able to cover the route, and on Wednesday made it around in his car. Folks in the Goose Lake neighborhood came to Ewing only by shoveling a road to 13, then driving around by O'Neill. The road men have been putting on long hours in an effort to open up the roads, and a majority of the main stems are now open.

The house was occupied by the Jens Hansen family. Mr. and Mrs. Hansen and daughters were not at home when the fire broke out, but the sons Richard and Oscar had just returned home to do the chores when they saw fire spurting from the windows. The boys hurried to town to give the alarm, but the house was practically consumed by the time help arrived. Only two or three articles of furniture were saved. The house was owned by the Marley heirs and a heavy insurance was carried but there was only a little insurance on the furniture. When help arrived and some one opened the door of the burning house the family cat dashed out unharmed, but the family dog refused to be coaxed out from under the house and perished in the flames. These two pets were a real part of the Hansen household. The origin of the fire has not been determined.
