Ode Venerable, the colored gentleman who scared several of the inhabitants of the city a little over a week ago while making a tour in search for something to allay a long and growing thirst, shook the dust of O'Neill from his "bragans" Wednesday morning by getting free transportation to Sioux City, via auto. His going will not be regretted.

S. J. Benson, one of the pioneers of northern Holt county, was a pleasant caller at these headquarters the morning of the Fourth. Mr. Benson has been a resident of this county since 1883 and the writer has known him practically ever since his arrival here. We enjoyed a nice visit chatting about the days that are gone and incidents of the long ago.

Lieut. Col. and Mrs. Owen R. Meredith and children arrived in the city

last Saturday for a visit of a couple of weeks at the home of Col. Meredith's parents, Mr. and Mrs. J. H. Meredith. For the past four years Lieut. Col. Meredith has been stationed at Lexington, Kentucky, but when he returns he will go to his new post of duty at Rockford, Illinois.

Sheriff Peter Duffy, accompanied by Mr. and Mrs. H. L. James and William Fallon, drove to Walthill last Monday morning, where they took in the races at that city on July Fourth and Mr. and Mrs. James also visited relatives. Pete says they had a splendid race meet there, a large number of horses and a good sized crowd. They returned home Monday night.

The local base ball team journeyed to Long Pine last Monday where they crossed bats with the team from Winner, South Dakota, as one of the

features of the celebration being held in that city. The game was won by Winner with a score of six to five. Fox and O'Donnell were the battery for O'Neill. The game was a good one from start to finish and was thoroughly enjoyed by a good sized crowd.

This section was visited by a light rainfall last Saturday night, amounting to forty-three hundredths of an inch. Sunday night we had another light rainfall amounting to twenty-three hundredths of an inch. North, west and east of this city the rainfall was much heavier on Sunday night, amounting to one inch north and west of O'Neill and reaching four inches at Page and vicinity. A light hail fell north and east of Page, but it is said the damage was not heavy.

"Ripy" Graham came back from Los Angeles, California, Wednesday to spend a few months with his mother, Mrs. Ed. Graham, and the home folks. "Ripy" says that this country looks pretty good to him as he has been gone three years. He drove through, coming over the southern route with two other boys who went on to the east coast, expecting to return in September when "Ripy" and his sister, Gertrude, will be ready to go with them back to California.

Mr. and Mrs. L. E. Downey and son, Gerard, drove up to Martin, South Dakota, last Saturday evening for a visit with relatives. They came back Monday and were accompanied by Mrs. Downey's mother, Mrs. George Cherry, who will visit at the Downey home here for several weeks. Lee says that crop conditions are marvelous in the Bonesteel country. He says they have an enormous crop of small grain in that section and that around Bonesteel the corn is waist high and has been laid by.

O'Neill is getting to be quite a favorite spot with those young people who are anxious to have the nuptial knot tied for life. During the past week four young couples, from other counties, came here and secured marriage licenses in county court and were united in marriage by Rev. H. D. Johnson at the Presbyterian Manse. Ervin Zierke and Miss Abbie Doris Urwin and Oliver R. McCrady, all of Pierce, were granted marriage licenses by County Judge Malone last Friday, and were married that afternoon at the Presbyterian Manse by Rev. H. D. Johnson.

Elmer Van Conett, of Page, was a pleasant visitor at this office last Saturday, extending his subscription to this household necessity. Mr. Van Conett has been a resident of Holt county for fifty-three years, his folks moving to the county in 1879 and he can be classed as among the real old timers of the county. He says that crop conditions in his section of the county were never better than they are today. There will be an immense yield of small grain, the hay crop is good and conditions are excellent for a good corn crop, if we have favorable weather the next couple of months.

Mr. and Mrs. Vance Beghtol and son Carter, of Kearney, arrived in the city last Wednesday for a few days visit at the home of Mrs. Beghtol's parents, Dr. and Mrs. L. A. Carter. Mr. and Mrs. Beghtol have been residing in New York city for the past few years, where Mr. Beghtol has been engaged as a special writer for numerous newspaper and magazine syndicates. A little over a week ago they came from New York and visited Mr. Beghtol's parents at Hastings. While there Mr. Beghtol closed a deal for the purchase of the Kearney Tribune and will take possession of the paper within the next ten days and they will make their future home at Kearney. The Frontier wishes them success in their newspaper venture. Mr. Beghtol will leave the end of the week for Kearney, while Mrs. Beghtol will remain here for a few weeks visit with her parents until he gets located at Kearney.

Ed. Loucks, of Long Beach, California, accompanied by his brother-in-law, L. R. Thompson, of Inman, were pleasant callers at this office last Tuesday. Something over forty years ago Mr. Loucks was a resident of this city, and he resided here for several years. Thirty-five or forty years ago he moved to Norfolk where he resided until about ten years ago, when he moved to California, where he now makes his home. Ed. spent a pleasant afternoon here visiting friends of his boyhood days and discussing the city as it was in the later eighties, when he and his brother, Ben, now deceased, were the leading contracting masons in this section. It had been over a quarter of a century since we had last seen Ed. and we failed to recognize him when we met, but it is not surprising as he has grown portly, like myself, and the years changed the color of his auburn locks, but he looks prosperous and says that the world is treating him fine. Drop in again Ed. Last Monday the writer, accompan-

ied by his wife and two children, accompanied by Mr. and Mrs. J. W. Gleason and children, of Omaha, drove over to Spencer and then to Butte. At Spencer they were celebrating the National holiday and a good sized crowd of people were in the city enjoying the amusements that were furnished for their entertainment. There was no celebration at Butte and the town was nearly deserted, most of its inhabitants having journeyed to other towns to assist them in celebrating. Northern Holt never looked better than it does today. On every side you can see field after field of waving grain, rye, barley and oats and most of it stands waist high and well headed. Corn is coming along nicely, although rather thin in places, which we understand was caused by cut worms. Corn and small grain is looking especially good over in our sister county to the north, some of the corn being farther advanced than it is on this side of the river.

Sherm Ennis had a peculiar experience last Wednesday night. About 2 o'clock in the morning Mrs. Ennis awoke and tried to arouse Mr. Ennis, but could not do so and she called physicians. They did not succeed in arousing him until about 6 o'clock in the morning, but when they did succeed in awakening him he found that he could not open his eyes. Physicians were unable to account for this peculiar condition, but were satisfied that it was not caused by a paralytic attack. He was confined to his home Wednesday and later in the day succeeded in getting his eyes open and this morning he is back at his place of business in good shape. Several years ago Sherm was injured on the back of the head by a piece of coal falling out of a coal wagon and striking him on the back of the head. Physicians figure that the attack the other evening was caused by catching cold, the cold settling in the back of his neck, causing the muscles that control the eye lids to refuse to function. Sherm's many friends will be glad to learn that he has suffered no ill effects from his temporary blindness.

TRICKS of MAGIC EXPLAINED by Will L. Lindhorst

TO MAKE COIN DISAPPEAR UNDER A GLASS

Prepare for this trick in this manner. A piece of paper about six inches square is used to place under the glass. Paste a piece of the same paper over the top of the glass and cut it off where it extends over the edge. Then make a cylinder of paper to fit over the entire glass, and appear before your audience. Lay the square piece of paper on a table, and place a coin upon it. Stand the glass, which is inverted and inside the cylinder, over the coin, remove the cylinder and the coin will have disappeared. Place the cylinder over the glass again, lift the glass from the table and the coin will reappear. The paper pasted on the glass covers the coin and cannot be detected because it is the same color as the paper on which the coin is placed.
(Copyright, Will L. Lindhorst.)

HOW TO BALANCE GLASS ON PLAYING CARD

Place a glass on top edge of playing card held in hand, holding face of card toward the audience, meanwhile balancing glass with forefinger of hand as shown in above drawing. Finger is hidden by card from audience, and it appears that glass is actually being balanced on edge of card.
