The Seth Noble umber yard have installed a DeVilbiss Spray Painting machine. It is a one man general utility spray painting outfit driven by a gasoline engine. This machine is the latest in spray painting, which has succeeded the old hand style of painting. With the machine the paint is forced from a container through a long hose and out of the sprayer which delivers the sprayed paint on the surface to be painted in an even spray. The machine is easily handled by one operator. From 500 to 1000 yards of surface a day can be covered by this machine. When you consider that the average five room house contains less than 200 yards of painting surface the possibilities of this machine can be seen. The Seth Noble company had taken a contract to repair some old buildings in the northeast part of the county, including painting, and purchased the machine to do this work. Charley Harding will operate the machine and he was taking lessons in its operation Tuesday from a couple of experienced operators who came out from Sioux City to demonstrate the workings of the machine.

## YANKS CLEAN THE CUBS

The New York Yankees are again champions of the World, as far as baseball is concerned, having cleaned the Chicago Cubs in four straight games to clinch the title. The last two games were played in Chicago on the Cubs grounds last Saturday and Sunday. The Saturday game was won by the Yanks with a score of 7 to 5. In this game Babe Ruth and Lou Gehrig got two home runs each. Ruth's first homer driving in two runs ahead of him. Chicago also got two home

runs in this game, but the Yanks were not to be headed. In the Sunday game the Yanks cleaned the Cubs with a score of 13 to 6. In this game the Cubs used five pitchers, but they all looked alike to the bat busting Yanks, who for the third straight time won the world's series championship in four straight games, in 1927-28-32. After knocking four pitchers out of the box the Yanks hopped on Burleigh Grimes, who made monkeys out of the sluggers of the Philadelphia Athletics a year ago, and cracked him for four runs. You've got to hand it to those Yanks, they are sluggers.

## WOMAN'S CLUB NOTES

The opening meeting of the O'Neill Woman's Club was held at the home of Mrs. F. J. Dishner on Wednesday evening, October 5th. It was decided at a previous meeting to hold the club meetings this year in the homes of the members instead of in the Library. Mrs. A. L. Cowperthwaite, the newly elected president, called the meeting to order with a short talk on the necessity for willingness and cooperation in making a success of the club year. "The organization depends not upon Me, but upon Us."

After the usual business meeting a most enjoyable program was carried out. Mrs. Cadwell reviewed the drama, The Royal Family, which is said to be a satire on the famous Barrymore family, but which accusation the authors have denied. However, it was an insight into the private lives and home of a typical American actor family.

Following the review a short play was acted by Miss Geneva Grady, Miss Bernadine Protovinsky, Miss Vera Baker, and Miss Dorthea Grady. This play was entitled, They Criticised and How! It was a take off on how some club members respond to criticism. The young ladies were complimented on their acting, which was received with much enjoyment. The club members wish to express their appreciation to these young ladies.

The next meeting of the Club will be held at the home of Mrs. J. J. Harrington on Wednesday afternoon, November 2nd, at two-thirty o'clock. The program will be devoted to civic study under the leadership of Miss Anna O'Donnell and Mrs. H. E. Coyne.

**DAN SWANSON**

From the day that Dan Swanson came from Connecticut and landed in Nebraska in 1887, the sterling qualities of the man were recognized by his fellows. He combines in his make-up the rugged qualities for which the pioneers of the state were noted with a fine sense of patriotism that at once won the respect, esteem and confidence of all his associates.

So deep was this impression of confidence and public good will that three years after his arrival, he was elected to the Nebraska State legislature. His splendid abilities and fine qualities as a man won for him the appointment to the post-mastership of his home city, Fremont, in 1903, and at the conclusion of his federal service he became secretary-treasurer of the Fremont Real Estate company, then one of the most substantial organizations of its kind in the state.

His experience in that office gave him a valuable and exhaustive knowledge of realty values in all parts of the state and when he became a candidate for State Commissioner of Public Lands and Buildings, his eminent fitness for the office appealed to Nebraska voters so strongly that he was elected by a large majority.

Handling, as Mr. Swanson does the thousands of dollars of rentals of state lands each year, his services have been of great value to the state because of his exactness and thoroughness. His annual accounting of these funds shows the highest quality of administrative skill.

Dan Swanson's record is characterized by honest, able, fearless dealings. His honor and integrity are written in the public records of the state and are familiar to all Nebraskans.

Nebraska needs Dan Swanson and his policy of economy and efficiency. Vote for and work for him. Write to Dan Swanson, 1416 F Street, Lincoln, Nebraska, for his campaign literature.
