

### TREPPISH APPEALS CASE TO STATE SUPREME COURT

(Continued from page 1.)

Skeleton remains of Coy were found near Otter creek and Treppish was arrested in Wyoming and brought back here for trial. When he was arrested he had considerable property that was recognized as being the property of Coy. He strenuously denied on the witness stand that he had murdered Coy and said that the last he saw of him was when he and Coy, separated, Coy to take up gardening near where they were then located and he to go to Wyoming.

The expense of the appeal will have to be paid by the county of Holt, as Treppish is without funds.

### NATIONAL HOUSE PASSES BEER BILL

The Cullen 3.02 wine and beer bill passed the National House of Representatives last Tuesday with a vote of 316 to 97. Of the five democratic members of the house from this state, three, Carpenter, Howard and Shallenberger voted for the bill and Morehead voted against it. Burke, Second district, did not vote.

The bill now goes to the senate where it has been recommended for passage by the senate finance committee and will probably be voted upon today. Its passage seems certain, and beer is promised in wet states by April 1st.

Action came on the bill within thirty hours after the President had sent a special message to congress asking for its immediate passage for revenue purposes and to redeem a party pledge.

The measure leaves all regulatory and control methods to the states; allows advertising; requires brewers to pay an annual license fee of \$1,000 on each brewery; provides for protection

of the dry states thru re-enactment of the Webb-Kenyon law preventing interstate transportation of the beverage into prohibition bound commonwealths. Home brewers for home consumption do not come within the purview of the act. Puerto Rico, Hawaii and Alaska are included, but the District of Columbia was excluded. No provision was made for wines or fruit juices. Penalties are imposed for violations.

### MEEK AND VICINITY

(Continued from page 5.)

Frank Griffith called at the Will Kaczor home Monday evening.

The Ed. Henniff family of near Phoenix visited at Cliff Wells' Wednesday.

Mrs. F. H. Griffith and Cecil spent Monday evening at the William Hubby home.

### WEBB KELLOGG PASSES AWAY.

Word was received last Tuesday that Webb Kellogg, for many years a resident of this city and well known over the county, died that morning in a Sioux City hospital. For the past few years Mr. Kellogg has been a resident of Emerson where the funeral will be held today. J. B. Ryan, F. J. Dishner and Peter Duffy went to Emerson to attend the funeral.

The case of Norris Murphy vs. Stanley Fullerton was tried to a jury in county court last Thursday afternoon. The petition in this case alleges that on or about January 18, 1933, the plaintiff was driving east on the highway about four miles east of Atkinson, at the rate of about 30 miles per hour and that he had his car under control at all times. When he was about four miles east of the city he said that the defendant came onto the highway from

the north. That the front window of the defendant's car was boarded up in such a manner as to obstruct his vision and that he drove and propelled his car against the side of the plaintiff's car, badly damaging same. He alleged that the entire left side of the car was badly broken; that the left front and rear fender were broken; that the left running board was broken; that the front door was broken, including the glass in the left front door; that the lights were broken; the front axle twisted and broken; that the steering rod was broken and the bumper twisted. He alleged that damage done to his car was worth \$77.15 and he asked damages to that amount. Several witnesses were examined and at the conclusion of the evidence the jury returned a verdict for the defendant and assessed his damages at the sum of one cent and costs of suit.

### EDUCATIONAL NOTES

A very fine crowd attended the meeting of Rural School Board Members and Teachers held in O'Neill on Saturday. Over three hundred board members and teachers were present and an especially beneficial meeting was held. In the forenoon the subject of completing preparations for an Exhibit Hall at the County Fair grounds at O'Neill was discussed and it was decided that building could be done cheaper at the present time than in the future and it was voted, unanimously, to complete plans and have the building erected by this fall. According to the project started a year ago, each district is to contribute from \$2.00 to \$10.00 according to the valuation of the district. This building is to be used entirely for school exhibits and for any other children's activities. It will be the property of the school children of Holt county and dedicated to their use.

The subject of Teachers' salaries for the coming year was freely discussed. Indications are that the salaries will range from \$40.00 to \$70.00 for the coming term.

A very interesting general address was given to the entire assembly by F. E. Bowers, Director of Secondary Education, State Department, Lincoln. At noon a tasty lunch was served in the basement to all teachers and patrons present.

In the afternoon, County Agent James W. Rooney explained methods of levying and distribution of taxes. John A. Robertson gave a talk on the subject of the ninth and tenth grade work being taught in the rural schools. This was followed by a general discussion of the subject.

Anna W. McCarthy, County Superintendent of Boyd county, brought up the various school laws now pending in the legislature, the merits of which were discussed by the assembly.

This was followed by a general discussion of various school problems led by Mr. Bowers.

The South Side Improvement Club, of Emmet, met with Mrs. Dugal Allen on Thursday, March 9th. A very interesting lesson on "Cheese Making in the Home," was presented by Mrs. McConnell and Mrs. Moyer. More complete methods will be demonstrated this week at an extra meeting which will be held at the D. C. Schaffer home Wednesday.

Last week this office received a letter from Mrs. Ben F. Jones, of Ekalah, Mont., enclosing a remittance for the extension of her subscription to The Frontier for another year. Mrs. Jones is the daughter of Charles E. Martin, one of the progressivestockmen of the south country. Mrs. Jones says that if it were not for the friendly visit of The Frontier each week that she might get homesick for the old friends and old home, but its weekly visit is a tonic that is delightful to take, as it gives news of the friends and neighbors in the old home county. She says they had a real winter in that section with lots of snow but that it was melting fast and the people were talking about spring. Many thanks Mrs. Jones and we hope that you will continue to enjoy the weekly visits of The Frontier for many years to come.

George Davis, one of the pioneer residents of Inman township, was a caller at this office yesterday and advanced his subscription to this household necessity. Mr. Davis has been a reader of The Frontier for nearly forty years and says that it has been such a popular household visitor that it would be almost impossible to get along without it.

This office is in receipt of a letter from E. H. Whelan, formerly superintendent of the O'Neill Public Schools and later county attorney and prominent member of the Holt county bar, enclosing a renewal of his subscription to The Frontier. Mr. Whelan is now a resident of San Diego, Calif., where he is practicing law, being the senior member of the firm of Whelan & Whelan, the other members of the firm being his two sons, Vincent A. and Francis C. Ed. sent his kindest regards to all his old friends in this city and county.

### APPRECIATION

The Rural Board and Teachers meeting of last Saturday was the best we have had the pleasure of attending. Many fine points were brought out, and on the whole was very beneficial. We want especially to thank Mrs. Parker for the very fine lunch which she gave us, also Miss Pucelik and the Home Economics girls who cooked and served it.

The Telephone Bell  
is his GO-TO-WORK  
signal

A few cents a day invested in telephone service is helping many men and women in making a living for their families.

"The more I need work the more I need a telephone," declares a telephone customer. "My work depends almost entirely upon the telephone calls I get." This man has kept busy fully three-fourths of the time while many others in the same line of work are idle.

A man and his two sons, laid off from work, ordered a telephone installed because men were called back only as needed and those with telephones got the calls. The three are now getting their full share of work.
