MONTH OF JUNE CONTINUES RECORD HEAT AND DROUGHT

The month of June, 1933 still continues to break all-time heat and dry records in Nebraska. During the past week, from last Friday to and including today the average temperature was 99.04. The coolest day was last Saturday when it registered only 94.

The hottest day the past week was last Monday when it registered 103. Commencing on Sunday last week, four straight days it registered 100 or better, as follows: Sunday, 101; Monday, 103; Tuesday, 103; Wednesday, 100.

Corn has been standing the remarkably long hot dry spell very well and a good soaking rain within the next few days will put corn in good shape. We must have rain within the next week, or else a lot cooler weather, or there will be immense damage to, what a few weeks ago, promised to be the greatest corn crop in the history of the county.

Following is the temperature in this city, as recorded by Weather Observer Bowen for the month of June, up to and including today:

Date	Temp.	Date	Temp.

TWO MORE STATES JOIN THE WET PARADE THE PAST WEEK

West Virginia and California joined the ranks of the wet parade as a result of the special elections held in these states last Tuesday. West Virginia has been dry for over twenty years, prohibition having carried in that state with a majority of 92,000 when voted on in the fall of 1912. The majority for the repeal of the eighteenth amendment, at the election last Tuesday, will probably reach 90,000.

The returns from California show that state to be slopping wet, the majority for repeal will probably be three to one, or better.

Sixteen states have now held elections on the repeal of the eighteenth amendment and every one of them have voted for its repeal. This is one-third of the number of states necessary for repeal. Repealists must win twenty more states to banish prohibition.

Seventeen more states will act on repeal this year, but even if all of them go against prohibition, three more would be needed to take the Eighteenth amendment out of the constitution. Several others await action of their legislatures to fix a polling date.

Florida, Missouri, Montana and Utah may act before 1934. Only Nebraska and South Dakota have decided against voting this year. That leaves nine states with no indication as to their probable action.

States which have voted to ratify, besides West Virginia and California, are New York, New Hampshire, Indiana, Connecticut, Iowa, Michigan, Wisconsin, Rhode Island, Wyoming, New Jersey, Delaware, Nevada, Illinois and Massachusetts.

With 2,210 out of 2,338 West Virginia precincts reported, the last available count stood 233,406 for repeal and 146,677 against. An exceptionally light vote was recorded. Apathy was apparent in the mountain counties and farm sections.

Drys had pinned hopes on West Virginia, because of its southern traditions and because of the 92,000 majority for prohibition on the state amendment in 1912.

Antiprohibitionists were quick to

point that the West Virginia vote will lead the way to repeal in the states south of the Mason-Dixon line.

Returns from 7,913 of the 9,347 California precincts showed 868,414 for repeal and 279,068 against.

In San Francisco the balloting was 16 to 1 for repeal.

IN DISTRICT COURT

Frank F. Wegner has filed suit in the district court against Raymond J. Beymer, et al., to foreclose a mortgage given on the 24th day of April, 1930, for \$5,500.00 on the southwest quarter of section 27, and the north half of the northwest quarter of section 34, all in township 30 north of range 10 west of the 6th P. M. The petition alleges that no interest has been paid and that the defendants are in default in all of the payments. They ask that the court determine the amount due and that if same is not paid within a reasonable time that the land be sold and if it fails to bring the amount due that plaintiff be given a deficiency judgment against the defendant for the balance.

Howard A. Miller has filed suit in district court against Ross E. Taylor and his wife Nellie G. Taylor. The petition alleges that on January 7, 1933, he recovered a judgment against the defendant in the county court of Holt county in the sum of \$705.75 and costs taxed at \$6.15. A transcript of this judgment was filed in the district court on January 18, 1933. On June 13, 1933, an execution was issued out of the office of the clerk of the district court to the sheriff of Holt county. On June 14 this execution was returned unsatisfied for the reason that the sheriff could find no goods, chattels or real property of the defendant upon which to levy.

The petition further alleges that on September 20, 1932, to delay and hinder plaintiff in the recovery of his judgment that the defendant delivered to Nellie G. Taylor, his wife, all of his personal property, without consideration.

In the second cause of action they allege that on June 11, 1932, for the purpose of delaying and hindering the plaintiff in the collection of the judgment that the defendant executed and delivered to Nellie G. Taylor a warranty deed for the northwest quarter of section 12, in township 28 north, of range ten west. He alleges that said deed is absolutely null and void and given without consideration being paid by the above named Nellie G. Taylor. Asks that the bill of sale of the personal property be adjudged and decreed to be without consideration and to be null and void and to have been given to hinder, delay and prevent the plaintiff from collecting his judgment and that the property be subject to be levied upon to satisfy plaintiff's judgment.

He also asks the court to decree that the deed was given without considera-

BRIEFLY STATED

Andrew Kersenbrock, of Geneva, came up on Wednesday of last week and on Thursday, accompanied by Mrs. John Kersenbrock, drove to Fairfax, South Dakota, to attend the funeral of Mrs. Nellie Murphy, a sister of his wife. Mr. Kersenbrock is an uncle of John Kersenbrock and visited at the Kersenbrock home here until last Saturday when he left for home.

Mrs. F. N. Cronin left Wednesday morning for Dixon, Neb., where she spent the day visiting friends. She was accompanied as far as Randolph by Mrs. P. B. Harty and children, Anne and Thomas, who spent the day visiting relatives at Randolph, and Miss Marion Golden, who went to

Hartington for a brief visit with friends there. They returned home that evening.

A carload of poisoned bran was received by the county last week from the state and will be used on the grass-hoppers in the northern part of the county. It is reported that these pests are getting quite active along the Niobrara, the long dry weather, having killed off a lot of vegetation and the hoppers are now attacking the corn fields and the damage they are doing is said to be quite noticeable.

Mr. and Mrs. Dean Steeter and Mrs. J. E. Perkins, of Page, were called to Belle Fouché, South Dakota, last Friday by a message announcing the death of John Burshek, a brother-in-law of Mr. and Mrs. Streeter and Mrs. Perkins. While away they also visited George Murray, a brother of Mrs. Streeter and Mrs. Perkins at Lead, South Dakota. While in Lead they met Mr. and Mrs. William Willing, formerly of this city, but now living at Lead. They seemed to be getting along nicely but desired Mr. Streeter to remember them to all of their O'Neill friends. They returned home Wednesday morning. Mr. and Mrs. Burshek were former residents of this county, living near Page and had many friends in the eastern part of the county who will regret to learn of Mr. Burshek's death.
