

# WE DO OUR PART TO SUPPORT THE PRESIDENT

The following business men of O'Neill heartily approve and subscribe to the President's program for business recovery, and we pledge our fullest cooperation and continued efforts toward the maintenance of this program. We are glad of the opportunity to serve in this, our common cause, and are confident that every individual will be equally glad of the opportunity to unite in service for the interest of all, to bring prosperity and happiness back to all our people. More work, more money, with greater purchasing power will bring up prices and bring back prosperity to the farmers of the nation.
