CAMPMEETING NOTES

On Thursday, August 17th, the writer went on his annual trip to nature's beauty spot on Pine Creek, 12 miles northwest of Basset for the purpose of attending the last four days of the annual campmeeting there.

I did not get there in time to hear the sermon by Rev. L. E. Williams, of Wilmore Ky., but I listened to a splendid sermon by Paul E. Borg at 2:30 P. M. The subject was "The

Abiding Life." Rev. Williams preached in the evening. The sermon Friday morning at 10 o'clock was by Rev. Borg on "The Message of God." The two ministers alternated on the rest of the services.

Sunday morning Rev. Borg preached a masterpiece of a sermon on the second coming of Christ. In the evening he preached on the subject, "A Child is Born, Unto Us A Son is Born" which was another sermon on the second coming of Christ.

The officers of the association are as follows:

W. A. Marts, Long Pine, President; Rev. Sumner Williams, Springview, Vice-president; Miss Lorna McCully, River View, Secretary, and Mrs. Mildred Hulshiser, Long Pine, Treasurer. Board of Directors: W. S. Rogers, Cliff Ketchum, Otto Pfeifer, Otis Marks and S. Halgrimson. Song leader, Miss Clara Christenson of Morehead, Minn. Pianist, Mrs. Blanche Bloodron, Norfolk, Nebr.

Daily program: 6:00 A. M., Young People's prayer meeting; 7:00 A. M. Breakfast; 8:00 A. M., Prayer meeting in Tabernacle; 10:00 A. M., Song service; 10:30 A. M. Sermon; Noon, Dinner and Fellowship; 1:30 P. M. Children's meeting in Tabernacle; 2:00 P. M., Young People's meeting; 2:30 P. M., Song and Preaching service; 6:00 P. M., Supper; 7:00 P. M., Prayer meetings; 8:00 P. M., Preaching services.

I did not get the number of converts for the ten days, but at the last report it was over 100. These meetings are of great benefit, and strange as it may seem, some who have been conscious of a lack in their spiritual lives have been obliged to go there to find what it was.

EDUCATIONAL NOTES

The Annual Pre-Opening Meeting for the Rural Teachers of Holt county will be held on Saturday, September 2, 1933, beginning at 10:00 A. M. in the O'Neill Public School building. It is imperative that every teacher who expects to teach in the rural schools of Holt county attend this meeting. Supplies will be given out and important instructions given.

Most of the schools over the county will be open next Monday. Nearly 6,000 children will again take their places in the school room after three months of vacation. School Boards should see that the school house and grounds are in readiness for their reception. The teacher and pupils have a right to be greeted by a neat, clean room and well moved grounds.

Outbuildings should have been built or repaired. The Nebraska School Law requires that there be two on each ground. This is imperative. The well should have been repaired if needed and other necessary preparations made for a successful term of school. The pupils will appreciate a neat school room and grounds and will take pride in keeping them in good condition.

While attending a Pre-Opening Meeting recently I was impressed by the happy look of enthusiasm and interest on the face of every teacher. Low wages and other present conditions can not dampen a teachers' ambition to do their best to give good service, if they but have the co-operation of their patrons and school boards.

Let us each give them our whole hearted support and do our part toward making this a most successful school year. The responsibility does not all rest with the teacher. Your teacher needs your support more than ever this year. You would not hire a man to run your farm and expect him to do good work without necessary machinery. Neither can a teacher give you good service without the necessary equipment. Publishing houses have made it possible for every school to buy necessary books at nearly half price if an exchange is made on the

old texts through this office. I also have a notice of adjustable school desks and seats that can be had for about one-third of the regular price. They are the surplus from the U. S. Government and while not new will, however, give satisfactory service and will make it possible for schools to get necessary supplies that they could not otherwise get at this time. If you are interested, call at this office for particulars.

IS SPIKED 3.2 POISON?

Cedar County News: "Don't spike 3.2 beer," was the warning given out by state chemists as Nebraska prepared to welcome the return of legalized beer. Poisoning may result by such "pepping up" of the beverage is the word given out. Beer of the 3.2 variety is artificially "cured," with chemicals instead of allowing it to age, since there is not time enough for this latter process. When grain alcohol comes in contact with these chemicals, a substance is formed which in many instances has proven poisonous to those drinking the mixture. Some persons can assimilate the spiked beer without any ill effects. But to be on the safe side, chemists urge that 3.2 be not spiked.

TRYING TO PROTECT THE STATE CAPITOL BUILDING.

Columbus Telegram: State Lands and Building Commissioner Harry Conklin today was seeking to find some means to protect the state's \$10,000,000 capitol against damage resulting from the throwing of missiles from the 400 foot tower of the building by visitors. The latest act of vandalism reported to Conklin resulted from the tossing of a stone of medium size from the capitol tower. The stone tore a fist sized hole in the copper roof of the lower section of the building. Recently a section of flagstone walk in the court of the capitol was shattered by a piece of lead which was tossed from the tower.

LOSES LOADED TRUCK WHILE IN OMAHA.

Ed. Smith, of Chambers, had a loaded truck stolen in Omaha last Tuesday. When stolen the truck was parked in front of the Exchange building in South Omaha. He recovered it about three hours later, a mile from where he had parked it, and minus about \$50.00 worth of merchandise, which he had to replace. Ed. will be careful in the future and not park loaded trucks in the vicinity of the Exchange building or near South Omaha.
