HOW TO MAKE FOOD MORE ATTRACTIVE

By ANNA ROOSEVELT DALL

WERE you ever homesick for a food? Did you ever, in your mind's filing system, try to "look up" a fragrant flavor memory? Even when miles away from the Old Dominion, the faint whiff of a smoke house haunts the air and the mouth waters for some of those mahogany crusted, deeply pink slices of Virginia ham so dearly prized by those who know it and it's so difficult to describe to anyone inclined to scoff at food raptures. Very probably, like ripe olives and shad roe and dozens of other good things, the taste is acquired, but once eaten you are forever enthusiastic. The famous Smithfield section of Virginia is noted for a particularly fine ham flavor and to make this delicacy readily obtainable, without purchasing a whole ham, when the flavor homesickness is upon you, the ham, ready chopped and deviled for extra flavor may be purchased in glass jars. Ham flavor just seems to belong in al fresco meals. The ham sandwich has become the classic of the lunch box, the picnic basket, the camper's kit and the effete motor hamper. Chopped and deviled ham is always easier to eat and certainly goes farther in sandwiches than sliced ham. Deviled Smithfield ham is rich enough in its own sweet delicious fat to make butter unnecessary. It is piquant enough to use alone or sufficiently flavorful to be mixed with other materials, crunchy crisp celery or cucumber, minced sweet pickles, chopped watercress and, of course, mayonnaise, for example. Deviled Virginia ham canapés or tiny open sandwiches passed before dinner as for a first course will challenge the most jaded and blasé palate. For the quickly prepared hot snack which seems to be the most popular finale to late parties, try serving the scrambled eggs on hot toast spread with the deviled ham. The bland bread crumb or rice fillings used for stuffing baked green peppers or fresh tomatoes are tremendously more interesting for a suspicion of deviled ham in their interiors. Mixed with the cream sauce used for scalloped eggs or potatoes, the deviled ham flavor is as different from plain ham as day from night. Making summer foods attractive is a matter of constantly looking out for

CANAPES may be made quickly and at the same time attractively appetizing

as many new and interesting and easy-to-use foods as one can have in the pantry or refrigerator. These additional suggestions will keep your summer guests impressed with your talents as a hostess: Blend deviled ham paste with enough mayonnaise to easily spread. Spread on canapé biscuits or crisp crackers. Dot with a bit of mayonnaise. Place thin slices of crisp, cold cucumber or tomato on toast rounds. Garnish with mayonnaise and slices of stuffed olives. Roll stuffed olives in deviled ham paste blended with enough mayonnaise to make it stick. Place each rolled olive on a crisp biscuit, spread lightly with mayonnaise. Then, of course, a bit of caviar or a few plain olives, or some stuffed celery add to the zest of the food and the pep of the party. For stuffing celery, blend mayonnaise with equal quantities of cream cheese and Roquefort cheese.
