

BRIEFLY STATED

Attorney C. E. Kelsey, of Norfolk, was looking after legal matters in this city last Monday.

Miss Nancy Dickson went down to Wayne last Tuesday where she will attend the Normal again this year.

Miss Helen Toy left last Sunday for Wayne where she will attend the Normal school for the ensuing year.

Miss Nellie Toy went down to Herman last week where she is one of the staff of teachers in the high school for the coming year.

James M. Podany, of Opportunity, was an O'Neill visitor last Friday and advanced his subscription to this household necessity.

Seth Noble, of Plankinton, S. D., was in the city a couple of days the latter part of last week looking after his business interests here.

Miss Anna Clark, who had been visiting relatives here for the past two weeks, returned to her home in Omaha last Sunday night.

Miss Grace O'Donnell will leave tomorrow morning for Winona, Minn., where she will enter St. Theresa's College for the coming school year.

Miss Mary Lois Hammond, daughter of Mr. and Mrs. H. J. Hammond, left last Sunday for Wayne, where she will attend the Normal for the coming year.

Mrs. C. W. Conklin and daughter, Catherine Clare, came up from Lin-

coln last Saturday night. Catherine Clare will attend St. Mary's Academy for the coming year.

Miss Inez O'Connell is again on the job in the office of the clerk of the district court after a two weeks vacation spent visiting relatives in Wyoming and in the Black Hills.

C. W. Porter went down to Omaha last Thursday night, where he was subpoenaed as a witness before the U. S. Grand Jury, in session there. He returned home Saturday night.

Mr. and Mrs. Jack Hagerty, of Casper, Wyo., arrived in the city last Sunday morning for a weeks visit at the home of Mrs. Hagerty's parents, Mr. and Mrs. Frank Kubitschek.

S. J. Weekes returned last evening from Omaha where he had spent the first part of the week sitting as a member of the loan committee of the Agricultural Credit Corporation.

Henry Grady returned Tuesday night from Omaha, where he had been the past week sitting as foreman of the Federal Grand Jury. The jury completed its labors Tuesday afternoon.

B. B. Gribble and wife, of Lincoln, visited a few days last week with relatives in the Chambers community. While here Mr. Gribble contracted with Ed. Burge for the construction of a set of farm buildings on his half section just east of the Porter filling station.

Mr. R. Sullivan and son, Clutus, and daughters, Mary and Helen, left last Thursday for Laramie, Wyo., to visit relatives for ten days. Miss Helen will remain at Laramie and attend the University of Wyoming the coming year, while the rest of the folks will return home next week.

J. C. Parker and Bart Malloy are going to open a twenty-four-hour service filling station on the corner where highways 20 and 281 turn north, just west of town. They will operate an independent station and will carry a full line of oils and grease. They expect to have the station ready for operation within ten days.

Ed Gunn and a man driving a car with a Montana license had a collision on the intersection of Fourth and Douglas streets last Friday morning. Gunn was going west on Douglas street and turned to go south on Fourth street. The other car was also coming from the east and attempted to pass Gunn in the intersection with the result that they came together. Neither was traveling very fast and both suffered bruised fenders but no personal injuries. They agreed

that both were a little to blame and let it go at that.

O. N. Stuke, of Norfolk, was in the city last Tuesday. Mr. Stuke, like most of the residents of Norfolk, is an enthusiastic booster for Karl Steffan for congress from this district and says that from what he can learn Mr. Steffan will be elected at the coming election with one of the greatest majorities ever given a candidate for this office in this district.

Mr. and Mrs. Lee Nickerson, of Red Beach, Calif., were here last week visiting at the home of Mrs. Nickerson's sister, Mrs. M. A. Summers east of this city. They had been visiting at the home of Mr. Nickerson's father at Butte, and stopped here on their way home. The sisters had not met for over 25 years and it is needless to say that they enjoyed a very pleasant visit.

Dr. E. J. Oxford, of Chambers, was taken to Omaha Sunday to the Lord Lister hospital, to ascertain the extent of the injuries received in his recent automobile accident. Several x-ray pictures were taken which showed broken vertebra in his neck, and a broken shoulder bone. He is being accorded proper treatment and will remain in the hospital until he is ready to be dismissed.

Floyd Atkins, deputy state fire marshal, was up from Lincoln the first of the week. Mr. Atkins has been one of the prominent members of the American Legion in this state for many years and at the recent state convention in Grand Island made an unsuccessful attempt to defeat Sam Reynolds, of Omaha, for the position of national representative from this state, a position Mr. Reynolds has held for many years.

The Holt-Boyd county all-star baseball game which was to have been played in Atkinson last Sunday, was postponed because of rain. The game will be played on the Atkinson diamond Sunday, Sept. 16, at 3 p. m. Players will be the stars selected from the teams of the Holt and Boyd county leagues. Boyd county defeated Holt in two games last year, so fans can expect a hot, revenge-seeking contest in Atkinson next Sunday.

Charles Reka, Leo Mullen and Miss Genevieve Biglin drove down to Sioux City Wednesday morning, returning that evening bringing back Mrs. Reka and daughter, Leonore, who had been there the past ten days, while Leonore was receiving medical treatment. Little Leonore is much improved in health and her parents are of the opinion that physicians have finally located the seat of the trouble and that she is now rapidly recovering.

Last Thursday A. E. Bowen, of the Bowen Variety Store, started a novel advertising scheme that lasted only a couple of days, when it had to be discontinued at the request of a state engineer. Archie took a 9x12 Pabco 5-year guaranteed rug and cemented it on the pavement, where he expected to leave it for thirty days, in order to prove to the public the quality of the rug. The rug was down only a couple of days when he had to take it up as he was informed that it was a violation of law to cover the pavement. It was a real advertising stunt and Archie

says that he is endeavoring to get some means of displaying its wonderful wearing qualities to the rug-buying public.

Speaking of old timers, Henry Tomlinson, who came to this county with his parents when a little boy in 1880, says that he believes that John Addison is the real pioneer of the old Mineola country. John came to this county 54 years ago and took a homestead in the Mineola section and is still living on the old homestead. Quite a record for a section of the county that has had more than its share of hard luck during the past half century.

A delegation of O'Neill Boosters started out this morning boosting for the O'Neill Free Day, which is to be held here next Tuesday. About 20 cars, well filled with O'Neill residents of both sexes left town headed by the O'Neill Concert Band, under the direction of Dr. Lubker. The morning trip was to Inman, Page, Ewing and Orchard, then back home for lunch. They then started out for the west, making the towns of Emmet, Atkinson, Stuart, Dustin, Butte, Spencer, Bristow and Lynch, and then back home.

Dr. W. F. Finley has been appointed as local chairman for O'Neill and vicinity by Richard L. Metcalfe, federal housing director for Nebraska, who suggests the immediate selection of a committee to carry on educational work for the federal housing and modernizing campaign. Under a recent act of congress the federal government is now prepared to loan money to home owners to be used in repairing and otherwise improving their homes, and for the purpose of furnishing prospective improvers in this section with the necessary information this committee will be appointed.

EDUCATIONAL NOTES

The Pre-opening Day Meeting for the rural school teachers of Holt county was held on Saturday, Sept. 1, at the O'Neill high school. Supplies were given out and the County Superintendent, Luella A. Parker, gave instructions as to the work and reports for the year. Mr. Curham, music instructor in the O'Neill public schools had charge of the music, and Miss Nelle Bloodgood, County Superintendent, of Minden, Nebr., gave some interesting material on reading to the teachers. Nearly all of the rural schools of the county have opened now for another term.

There will be a meeting of the rural school board members of Holt county at the O'Neill high school on next Tuesday, Sept. 18, from 9:00 to 12:00 in the morning. There are a number of important matters to be discussed.

Since it has been decided not to hold a county fair at O'Neill this year, and this is the date of O'Neill's Free Day, our new School Exhibit Hall will be dedicated at 1:00 p. m. on this day, and all the county school exhibits will be on display in this hall. State Superintendent, Charles W. Taylor will deliver the dedication address. I would like to have as many teachers and school children as possible at this dedication. Our county should be proud of this building.

County Superintendent, Luella A. Parker, returned Wednesday evening

from Lincoln with Marjorie Pklapp, District 56, and Lois Spease, District 44, Holt county's representatives in the state spelling contest held at the State Fair. Both students did credit to Holt county in their excellent spelling, both remaining in the contest until well toward the last, spelling many difficult and unusual words. They each received a certificate of excellent spelling from the State Fair Board. Lois made the better showing in the oral contest, while Marjorie made the better showing in the written contest. While our contestants did not win prizes they gave evidence that we have some of the state's best spellers in Holt county. Maudie Nakada, a little Japanese girl from Hebron, won first place in the oral contest, and Jollivet Madison, of Omaha, won first place in the written contest.

Lois and Marjorie enjoyed the sights at the fair, visited the State Capitol, and went on a sight-seeing trip over Lincoln. They report a very interesting and enjoyable trip.

During the past eight years, thru the efforts of County Superintendent Luella A. Parker, 36 children have had an opportunity to make trips to various parts of Nebraska and into several other states, with very little expense to either the children's parents or the county. These trips were financed from the proceeds of the County Spelling Contests. The trips were very educational and interesting, and in many cases were enjoyed by children who otherwise would never have had an opportunity to have traveled out of the county. The friendships and contacts which these children have made with other children from other places have been an education in themselves.

Corn Loan Extension Agreement

In consideration of Commodity Credit Corporation extending the corn loans to January 1, 1935, the producer represents and agrees:

1. That in the event the corn loan note is not paid in full or before September 15, 1934, and the producer desires after said date to sell a sufficient amount of mortgaged corn to liquidate the indebtedness out of the sales proceeds, such corn will first be offered for sale at the local elevator market price to any state or federal agency that Commodity Credit Corporation may designate by public announcement. Otherwise, the producer may sell such corn only in accordance with the procedure set forth in Corn Circular Letter No. 6.

2. In the event the offer made to such federal or state relief agency is accepted, the sale shall be at the prevailing market price at the elevator or loading station to which the producer has agreed to sell and deliver the corn collateral as of the date of acceptance of the offer, and the corn so sold will at the discretion of the relief agency, be shelled and or delivered by the producer to such relief agency at the nearest elevator or loading station.

Buildings Wrecked By A Windstorm

Stuart Advocate: The terrific windstorm of last Thursday evening wrecked havoc at the farm of Aloys Kaup southeast of Stuart. Two barns were levelled to the ground, flying timbers were driven into the roof of the house and the shingles on the house were loosened by the wind. Peculiarly, in the face of a wind from the west the barns fell to the west and a section of one roof was carried westward over the house, falling on the other side. The loss was covered by insurance.

Our forefathers left us this great nation which they worked and fought so hard to clear. We may not be able to do any clearing for our children and grandchildren but we are going to leave them the biggest national debt the world has ever seen.
