

THE FRONTIER

REPUBLICANS WIN IN THREE OF FOUR SUPERVISOR RACES

Joe Stein Has A Close Race In 1st District; Matousek, Cook And Sullivan Other Winners.

In the race for supervisors in the republican candidates were successful in every district except the Third, where John Sullivan was re-elected to succeed himself.

There was a very pretty contest in the First district where J. C. Stein, regular republican candidate, was running for re-election and his democratic opponent was Tom Troshynski. Henry Vequist, a republican politically, entered the race as a petition candidate, and it was believed that this would divide the republican vote and result in the election of the democratic candidate. But Joe Stein again demonstrated that he was a good runner on a fast track and he emerged from the contest with 10 votes to the good, with several mail votes to hear from, which are said to be largely in favor of Stein, so there seems to be no question of his election.

In the Seventh district, Ulrich was the democratic candidate and Matousek the republican candidate. James Barrett was a candidate for the democratic nomination, losing out in a nine cornered fight. He urged voters to write in his name on the ballot, with the result that he received 263 votes at the election, or 43 more than the regular democratic nominee, Ulrich. Matousek, the republican candidate, was elected with a plurality of 477 over Barrett, runner-up, or a clear majority of 257 over both candidates.

In the Third district John Sullivan was re-elected with a majority of 91 votes over Chauncey Porter, the republican candidate. Porter made no canvass for the office, or the result probably would have been different.

In the Fifth district Ezra Cooke, Chambers, won the election from Forrest Smith easily, receiving a majority of 339 in the district.

Following is the vote in the several townships on supervisors:

First District

STATE SENATOR

Frank J. Brady, of Atkinson, republican candidate for state senator, won from John A. Robertson, the democratic candidate, easily, carrying every county in the district except Boyd, which he lost to Robertson by three votes. The vote received by each candidate in the several counties of the district was as follows:

	Brady	Robertson
Holt	3636	3340
Boyd	1323	1323
Rock	769	567
Keya Paha	588	433
Brown	1301	1022
Total	7617	6688

Brady's majority—929.

DEFEATS HOWARD

KARL STEFAN

Karl Stefan, Norfolk newspaper man and radio announcer who won over Edgar Howard, veteran congressman of the Third district, by a majority of over 19,000.

Buying of Holt County Cattle Is Closed Nov. 2

With the sale held in O'Neill, Friday, November 2, the cattle buying program in Holt county ended with a total of 17,360 head bought from Holt county herds, or 18,014 head, including foreign cattle received at Holt county buying points. Of this number only 265 head were condemned, a comparatively small percentage. Five hundred and sixty-one calves were butchered for local relief.

As a result of these sales, Holt county farmers will realize \$254,501, more than 90 per cent of which has already been paid out.

There will be no further purchases of drouth stricken cattle unless the demand makes it necessary and further appropriation be made.

RELIEF PROBLEM GROWING

The matter of government—federal, state, and local—relief for those in absolute need is the biggest job at hand in this country today. It is likewise an affair of genuine concern to everyone in any way connected with agriculture; because of the direct bearing it has and will continue to have on the prices of food stuffs. An analysis, made by the Farmers Union Livestock Commission house at Sioux City, of the latest official data compiled by the FERA is given below:

Every state in the union has a part of its population on relief rolls. Outside of the primary drouth area, no particular section is in much worse condition than any other. It is estimated, that at the present time more than 17,000,000 persons in the United States are on relief rolls. It is thought possible, that the total may reach 20,000,000 as a maximum early in 1935.

There are three states where 25 per cent or more of the population is on relief. Two of these states are in the primary drouth area, and the other in the extreme south. These states account for a little more than 4 per cent of the country's destitute.

Relief is being provided in six states for 20 per cent or more of the residents in each. All of these, except one—a southeastern mining section—are in the severe drouth area. This classification is only 8 per cent of the grand total on relief.

Ten states have 15 per cent or more of the populace on relief rolls. These states are found in every section of the country, except the Pacific coast, and account for 39 per cent of the people receiving aid.

Nearly one-half—twenty-one states—have on relief rolls 10 per cent or more of the population, and are from every section of the country. This group is the source of four and one-quarter per cent of the grand total on relief.

There are nine states in which over 5 per cent of the people are obliged to ask relief. This classification includes two Corn Belt, six Atlantic coast and one inter-mountain state, and accounts for nearly four and one-half of the whole relief bill.

Forrest Smith, of Arcadia, was in the city last Friday. While here he purchased 100 tons of hay, to ship down to Sherman county.

Bert Shearer was down from Stuart last Wednesday.

DEMOCRATS RETAIN THEIR HOLD ON THE NEBRASKA VOTERS

Karl Stefan, As Congressman, And Swanson, As Land Commissioner, Only Republican Winners.

Nebraska voters decided Tuesday to remain in the Democratic column for at least two more years, when they turned down all of the republican candidates for state and national offices but two, Conklin, the man with the janitors, being defeated for Land Commissioner, and Karl Stefan, of Norfolk, who defeated Edgar Howard for Congressman from the Third district.

The following account is from Thursday morning's State Journal: "Nebraska is looking ahead to a complete revamping of its legislative machinery and liquor laws as the same vote avalanche which recorded a new deal victory resulted in adoption of amendments to the state constitution.

"All except two democratic nominees for state and national offices rode a victory wave topped by the more than 60,000 vote lead rolled up by Representative E. R. Burke for the United States senatorship, but an even larger swell pushed across amendments for the Norris one house legislature plan and constitutional prohibition repeal.

"The overwhelmingly democratic legislature which will assemble in 1935 under Governor-Elect R. L. Cochran, democrat, will face a variety of special tasks as a result of the nearly 100,000 vote victory for repeal and about 75,000 vote win for the Norris amendment.

"A total of 525,525 votes were cast for governor in 1,982 precincts; 523,967, for senator in 1,982 precincts and 483,068 votes were cast on the repeal amendment in 1,914 precincts, tabulations at 7 p. m. Wednesday disclosed.

"It will be the last time the two legislative chambers will be in session but they must fix the numerical strength of the 1937 one house legislature between thirty and fifty members. They will be called upon to strike bone-dry liquor laws from the statutes and possibly to regulate pari-mutuel betting on horse races which was legalized by a 60,000 vote majority.

"The victory for the one house plan was construed as another important victory for Senator Norris, who ignored the bitter fight in the state over the new deal, to stomp the prairies for the amendment, previously considered as merely an academic dream. He said the plan would fix responsibility, reduce expenses and make it more difficult for selfish interests to thwart the people's will.

"The republicans elected Karl Stefan to congress over 76 year old Edgar Howard, democrat, six terms, but the democrats carried the other four congressional races and lost only one state office, land commissioner."

The following Associated Press tabulation of figures will be the last one compiled until the state canvassing board meets a month or so hence officially to canvass the vote. It shows less than fifty precincts lacking on the more important twenty-two offices.

Senate, 1,983 precincts of 2,029: Burke (D) 268,415; Simmons (R) 228,134; Hoffman 6,361; O'Sullivan 2,057.

CHADRON BAND CANCELS ITS ENGAGEMENT HERE OSMOND REPLACES THEM

The Chadron band, which had been engaged for the Legion celebration here next Monday, cancelled the engagement and the Legion boys have engaged the Osmond High School band of thirty-six pieces for the day. The Osmond band is under the direction of Prof. Ira George and they were state champions in 1931 and for five straight years, prior to that, were district champions. It is one of the noted musical organizations of the state.

Outside of the change in the band there will be no change in the program and it will be carried out as announced in last weeks paper.

The program is being put on in conjunction with the schools of the county who are observing National Educational Week. The grand parade will form promptly at 10:30 a. m. at the O'Neill high school.

If you want to enjoy yourself come to O'Neill next Monday and help the Legionnaires celebrate Armistice Day.

CARD OF THANKS

Last week we brought the body of our sister, Gertrude May Bedford, back to her old home for burial and the old time neighbors were very kind and helpful. We desire thru the columns of The Frontier, to express to each and all our sense of gratitude for services rendered, sympathy expressed and the many beautiful floral offerings.—Mrs. R. P. Campbell, Mrs. Albert Kaczor, Mrs. Edward Larson and Mrs. Claude Berry.

GOVERNOR-ELECT

R. L. COCHRAN

Former state engineer who was nominated on the democratic ticket in the primary and defeated Dwight Griswold in the race for governor.

EDUCATIONAL NOTES

The first State Teachers' Examinations will be held in Stuart, Atkinson, Ewing and O'Neill on Saturday, November 17.

The next meeting of the Teachers' Study Center Institute will be held in the court room in O'Neill on Saturday, November 10.

District No. 246, a rural school north of Atkinson, with an enrollment of only five pupils, held a Hallowe'en program and pie social. A very excellent, well prepared program was presented to a good crowd. The proceeds amounted to \$10.80. Mrs. Helen Raymer is the teacher.

District No. 128 near Pege, recently held a box social and program in their school. The proceeds amounted to \$12.90 with which they expect to purchase a phonograph. Miss Luella Hartford is the teacher.

Offer Short Course For Farm Operators

The College of Agriculture at Lincoln will again offer a Farm Operator's Short Course. The term this year will open November 19 and continue for four months. These courses are open to young men over seventeen years of age who wish information and care little for credits. Anyone interested should see County Agent Reece for further information or write T. H. Gooding at the Agricultural College.

County Schools May Close For Program

The American Legion, Simonson Post No. 93, O'Neill, have requested me to sanction the dismissal of any school that may desire, on Monday, Nov. 12, the date of the Armistice Celebration. I am heartily in favor of a fitting celebration of this day, since it is the commemoration of a peace movement on the part of the world. I feel that we have always made the mistake of glorifying war rather than in exalting peace. We have given our children to understand that it is an honor to fight for our country, but we have not yet emphasized to them publicly that any movement for peace is far more commendable. I truly feel that Armistice day should be one of the most outstanding days of the year. Emphasis should be placed on the fact that upon this day a war was ended that while it might have been making the world safe for democracy, it at the same time, was robbing the world of millions of its most desirable citizens.

The town invited the schools to take an active part in the celebration on this day and I heartily recommend that you co-operate with them.

County Superintendent.

Hospital Notes

Miss Frances Sands returned to her home in Ewing on Tuesday, November 6th.

Mrs. Mike Enright entered the hospital Sunday with a fractured tibia. She is doing nicely.

Mrs. Ed. Jones, of Chambers, was dismissed from the hospital Monday, October 29, and re-entered it Monday, November 5. She is receiving medical treatment.

Dr. Venneman, of Spencer, was an O'Neill visitor last Friday.

HOLT COUNTY VOTERS ARE NOT OVERLY PARTISAN IN NAMING COUNTY OFFICERS

Esther Cole Harris Is Re-elected Register of Deeds With A Big Majority; Gallagher Receives A Good Majority To Remain County Clerk.

COUNTY VOTES DEMOCRATIC ON MOST OF STATE TICKET, EXCEPTING MARSH

Last Tuesday was an exceptional fine fall day and the voters of this county went to the polls and cast the heaviest vote ever cast in the county, but still several hundred short of a 100 per cent vote. On United States senator, the head of the respective tickets, there were cast 7131 votes. Possibly several voters did not vote on senator and the actual vote will not be known until the official canvass is made, which will be started Friday morning.

It was a very peculiar election. The voters seemed bound to experiment, which in a measure accounts for the great majority given the three amendments to the constitution in the county, totals of which will be found elsewhere.

The republicans cast a splendid vote in the county and two of the candidates on the state ticket carried the county. Dwight Griswold, republican candidate for governor, received a majority of 47 votes, exclusive of the mail vote. The latter might change the vote and give the county to Cochran. Robert J. Marsh, republican candidate for railway commissioner and a resident of this county, carried the county with a majority of 1547 votes, exclusive of the mail vote.

Outside of the two mentioned above the democratic state ticket carried the county, with majorities of from 250 to 400. The republicans made a very fine showing, not only on the state ticket but on the county ticket, as the democrats had a majority of 1200 in this county at the primary election.

Karl Stefan, republican candidate for congress from this district, carried the county with a majority of 817 votes over Edgar Howard and he carried the district with a majority of over 19,000, carrying about every county, if not every county, in the district. Karl was one of the few republicans elected to congress last Tuesday.

Frank Brady, republican candidate for state senator, carried the county with a majority of 296 over John A. Robertson, democrat, and is elected with a majority of about 1,000 in the district.

Lloyd G. Gillespie, republican, carried the county with a majority of 114 over Charles N. Gonderinger, democrat. This is exclusive of the mail vote, but there seems to be no question but what Mr. Gillespie will represent this county in the next session of the state legislature, as he will receive a good portion of the mail vote.

John C. Gallagher, democrat, running for re-election for a second term, polled the largest vote in the county. He received a total of 5048 votes as against 2129 for his republican opponent, Claude P. Hancock, or a majority of 2919.

Esther Cole Harris, republican, running for re-election for a second term, like the county clerk, polled the second highest vote. She received 4365 votes to 2817 for her democratic opponent, Mrs. Shorthill of Emmet.

One of the surprises of the campaign was the remarkable race made by Ira H. Moss, republican, for re-election to the office of clerk of the district court, a position he has filled for the past twelve years. It was admitted during the campaign that the race would be close, but Moss made a run-a-way race of it. He received the fourth highest vote in the county, polling 4065 votes to 3165 cast for his democratic opponent John Harrington, or a majority of 900.

B. T. Winchell, democrat, was elected to the office of county treasurer defeating J. J. Krska, republican, by a majority of 369. Winchell polled 3715 votes to 3446 cast for Krska.

Sheriff Peter Duffy was again successful in his race for re-election.

He received the third highest vote in the county, polling 4186 votes to 3265 cast for his republican opponent, Henry D. Grady, or a majority of 921.

One of the real close races of the election was that for the office of County Attorney. In this contest, Julius D. Cronin, republican, running for re-election for the fourth term, has a lead of 84 votes over Emmet Harmon, democrat. The vote is Cronin 3707, Harmon 3623. There were 132 mail votes sent out, and possibly 125 of them will be returned, but it is thought unlikely they will change the result, but may cut down Cronin's majority.

John P. Sullivan, democrat, won in the race for county assessor, defeating the republican candidate, C. D. Keyes, who has held the position for the past eight years. The vote was, Sullivan 3635, Keyes 3319, or a majority of 316.

On the non-political ballot McClurg defeated Mrs. Luella Parker, who has held the office for the past eight years, for the office of county superintendent, having a majority of 922. The vote stands, McClurg 4151, Parker 2197.
