SIX MORE ROOMS TO BE ADDED TO GOLDEN HOTEL

Arcade Will Be Placed Over Private Alley Connecting With Second Floor Of P. O. Building.

Plans have been completed for adding additional rooms to the Golden hotel and work will start thereon about the first of the month.

The building just north of the Golden, now housing the postoffice, was originally intended for an addition to the hotel when same was needed, a door being placed on the north side of the hotel proper at the end of the west hall on the second floor. The second floor of the building will now be utilized for the purpose for which it was originally intended. An arcade will be placed over the private alley from the second floor, connecting the two buildings, and six more rooms will be added to the hotel. All of these rooms will be equipped with bath, part with shower and part with tub baths.

In addition to installing baths in these rooms the management intends to install baths in four more rooms in the hotel proper. These additional rooms were made necessary on account of the increased patronage the hotel has been receiving the past few months, as there is hardly a night that they do not have to turn away transients seeking accommodations.

Meeting Held Here On Law Enforcement Friday

Last Friday Secretary Beals, of the League of Nebraska Municipalities, and Police Lieutenant P. S. Payne, of the Omaha police department, held a regional meeting of the league in this city, which was attended by about forty of the city and village officials and police officers of this section of the state.

The meeting was called to order about 1:30 by Secretary Beals who explained the purpose of the meeting. Mayor Kersensbrock was then introduced and in a brief address welcomed the visiting delegates to the city.

Lieutenant Payne gave an address on law enforcement, which was attentively listened to. He urged closer cooperation between the citizens of the cities and villages with their police department and urged that all police officers should be in uniform, even in the smaller towns where only one officer was stationed. He presided at a round table discussion, answering questions propounded to him by representatives from the various towns and villages.

The meeting lasted all the afternoon and officers who were present were of the opinion that they received much good from it and were glad they were present.

Expect To Begin On Paving Next Week

John Roberts of the Roberts Construction company, of Lincoln, was in the city last Tuesday. They have the contract for the paving on Fourth street and Mr. Roberts said they have about four more days of work at Norfolk and as soon as that job is finished the crew will come here and put in the Fourth street job. They will probably arrive here the forepart of the week.

Assessors Nearing Finish

County Assessor Sullivan says that fifteen of the precinct assessors have completed the work of assessing their townships and have sent in their schedules, which leaves twenty-one still to complete their work. All schedules must be in the hands of the county assessor by the last Monday in May. A perusal of the schedules show that the valuation of the county will be about the same as last year for taxation purposes. While cattle and hogs, and horses are assessed higher than they were a year ago there are fewer of them in the county, so that the total valuation will be about the same as that of last year.

Henry Beckman went over to Bloomfield last Saturday for a few days visit with relatives and old friends there. During his absence his efficient assistant here, Francis Hughes, has been looking after the business of the A. & B. Drug store.

Hospital Notes

Miss Wilma Chicken, of Inman, 15 year old daughter of Mr. and Mrs. W. H. Chicken, submitted to an operation for acute appendicitis Friday afternoon, May 10. At present she is much improved.

Mrs. Ed Cornelius came back to the hospital Saturday morning and was operated on Tuesday afternoon for obstruction of the intestines. She is convalescing slowly.

George Tomasek, of Dorsey, submitted to an operation for acute appendicitis Sunday evening at 9 o'clock. He will soon be on the road to recovery.

Edward Crowley, of north of O'Neill, fell Sunday evening while walking on his crutches and fractured both bones of the lower limb, the same leg that was broken last December. He remained here and had a cast put on. Tuesday he was taken to the University Hospital in Omaha.

Mrs. K. D. Fenderson came in Monday morning and had her teeth extracted under anaesthetic. She went home the same evening.

Zeb Warner came in Monday suffering a severe heart attack. He is receiving medical treatment.

Mrs. Margaret Hughes came in Tuesday evening for medical treatment.

Little 7-year-old Josephine Conger, of Inman, was brought in Wednesday forenoon with a cut on the knee from a fall on a piece of glass. Five stitches were taken, the wound bandaged and the little one was taken home that afternoon.

The hospital staff wish to take this opportunity to thank those who took part in the program Sunday. It was largely attended, over 200 guests partook of refreshments and all enjoyed the program. The children's band was especially appreciated. The readings and songs also called forth applause. On account of the rain, several numbers were omitted. We also wish to thank all those who brought flowers, helped serve and donated for the entertainment.

Country Club Opening To Be Friday, May 24

The opening dance at the O'Neill Country Club will be held at the club house Friday evening, May 24. P. C. Donohoe, chairman of the dance committee, has engaged Jerry Winters and his ten piece orchestra for the occasion. Dick Jordan has assured members of the club that this orchestra is one of the best to ever visit O'Neill and he has booked the same band for three dances at Danceland. Phil Ziemer will be present on the evening of the opening to serve a midnight lunch.

Use Poison Bran In Cutworm Control

Cutworms have attracted considerable attention over this section of the state recently by their presence in large numbers. Damp cool weather is favorable to the growth and development and they may do considerable crop damage up to the middle of June. While no one method is entirely effective the best means of combating them seems to be with the poisoned bran mash after they appear in the spring. The most successful formula for mixing the poison is 100 pounds of wheat bran, 5 pounds of white Arsenic, 2 quarts blackstrap molasses and enough water to make a moist crumbly mash. Four pounds of parisgreen may be substituted for the white arsenic. The dry poison should be mixed with the bran. The molasses should be diluted with 2 or 3 gallons of water and then poured over the bran. This will make sufficient poison to treat 15 acres if broadcast or 20-25 acres if the mash is scattered down the corn row.

Anyone wanting further information should write the agricultural agent for Extension Circular 1508—Corn and Garden Cutworms.

Harold Garnick Dead At Colorado Home

Friends have received the news of the passing of Harold G. Garnick, of Boulder, Colo., on May 6. Mr. Garnick formerly lived one and one-half miles southeast of Emmet, and many friends and neighbors will sorrow with Mrs. Garnick and daughter, Nadine. He was ill but a short time, peritonitis being the cause of his death.

Outlook Favorable For New Court House And North Fourth Paving

Mayor Kersensbrock, Supervisors Sullivan, Carson and Steinhauser went down to Lincoln and Omaha last Sunday to interview road officials and other federal officers regarding the paving of Fourth street, two blocks north from Douglas street, in front of the new federal building, and a grant to the county for the purpose of building a new court house.

They returned home last evening and report that it looks very favorable for the new paving as well as the grant for the new court house. They report that the officials in both Omaha and Lincoln look with favor on both projects and it is possible that the necessary grants will be approved within the next month.

Local Legion Post Host To Visitors

At a large and enthusiastic meeting at the K. of C. Hall May 9, the local post of the American Legion was host to twenty legionnaires from Stuart and the District and County commanders.

Dr. W. J. Douglas, of Atkinson, District Commander, was the principal speaker. He spoke very highly of the accomplishments of the local post and congratulated post officials for having attained their membership quota. The post now has one of the largest memberships in its history and has won two national membership citations.

Arthur G. Miller, County Commander, of Atkinson, also spoke briefly. More than sixty-five Legion members were present and all showed keen interest in Legion affairs. Following the meeting a Dutch lunch was served.

Frederick Bellin Dies At His Home

Frederick Bellin died at his home in this city last Sunday evening after an illness of a couple of years of cancer, at the age of 72 years, 6 months and 6 days. The funeral was held Tuesday afternoon at 2 o'clock, services in the Biglin Undertaking parlors, Rev. A. J. May officiating and burial in Prospect Hill cemetery.

Frederick Bellin was born at Milwaukee, Wisconsin, on November 6, 1862. He grew to manhood in Wisconsin and in 1892 he was united in marriage at Merrill, Wisconsin, to Miss Mary Baron Hegan. Two children were born of this

union, John, of O'Neill, and Charles, who has been living at Denison, Iowa, for the past six weeks. He was notified of his father's death and arrived here Monday morning.

The year after his marriage, in 1893, they moved to this city and Mr. Bellin had resided here ever since. After his arrival here he was employed as a section man for the Northwestern railroad and worked for that company for 27 years, until his retirement something like 15 years ago.

Will Observe Memorial Day

Memorial Day will be observed by the local American Legion post with a program at the K. C. hall followed by the usual exercises at the cemetery.

W. B. Quigley, of Valentine, legionnaire and attorney will be the principal speaker. Music will be furnished for the occasion by the O'Neill high school band.

Receive Inch of Rain

This section of the state was blessed with a splendid rain last Friday night, 1.01 inches falling during the night. It has been cloudy and cool since then, with intermittent rain, that added .36 more to the rainfall of Friday

night. From reports received from the south country the rain was much heavier there than it was here. The rain was quite general over the county, altho not as heavy in the northern part as it was here and further south. According to daily press reports the fall here Friday night was heavier than it was at any point in the state, but other sections have had copious rains since then. Now we want some warm weather and then watch things grow.

Two Calves Stolen From Murphy Pasture

Last Monday night thieves got away with two four-month old calves from the pasture of Den Murphy, a mile and a half north and a mile and a half east of this city. Mr. Murphy missed the calves Tuesday morning from the pasture and upon investigation seen where they were taken thru the fence and loaded in a truck or a car on the highway, a little north and west of the pasture.

Frank Freisen, who lives just north of Mr. Murphy, says that he had a car on the highway between 10 and 11 o'clock Monday night, which is probably the time the calves were taken. The calves were valued at \$20 a head. Officers are investigating the theft but so far have been unable to obtain any clues.

To Re-examine Relief Case Load In County

During the past week the Holt County Relief office has received instructions to make a re-examination of the relief case load in Holt county. Application banks have been sent out to every relief client on the relief lists with the instruction to return them to the relief office before May 18, 1935. Clients who do not return the application form will be considered as closed cases from the standpoint of administering relief. It is hoped that the relief case load will be materially reduced by the procedure.

The following is a copy of the letter sent to each relief client together with the application for relief, and signed by Roberta Arbuthnot, county relief director:

"The Nebraska Relief Administration is requesting a re-check of all persons now receiving relief.

"We are therefore asking that you fill in the enclosed application completely and return to the county relief office by May 18, 1935. If there are any questions which you do not understand, your visit or will be glad to help you if you call and ask her to call in your home. Please leave no question unanswered and write plainly. We are enclosing a stamped, addressed envelope for you to return the application.

"If the blank is not returned to this office by May 18, 1935, we will assume that you have employment or other help which will enable you to care for yourself, and your case will be closed.

"Thank you for your co-operation."

National Educational Better Housing Contest

The County Contest of the National Educational Better Housing Contest will be held in the O'Neill high school auditorium Friday evening, May 17, at 8 o'clock.

The boy and the girl winning first place will each receive a prize of \$10.00. Each boy and girl placing second will receive \$2.50.

The above prizes have been made possible by the following Holt county business men:

S. J. Weekes, McDonough Paint Store, Galena Lumber Co., Seth Noble, J. C. Penney Co., H. E. Coyne, James Davidson, Golden Hotel, A & B Drug, Inc., Atkinson Lumber Co., Atkinson Better Housing Committee, Dan O'Connell, Norris W. Coats, Krotter Lumber Co., The Tiger Club.

Tony C. Pease and Lillian Somer, both of Verdigre, and Emil Vonasek, of Walnut, and Miss Lydia Nike, of Verdigre, appeared in the office of the county judge last Tuesday morning and after obtaining marriage licenses were united in the bonds of wedlock by County Judge C. J. Malone.

S. J. Weekes and J. D. Cronin made business trip over into Knox county last Wednesday.

DIES FROM BROKEN NECK RECEIVED IN FALL FROM HORSE

Eugene H. Luben Thrown From A Horse While Looking After Cattle In His Pasture.

Eugene H. Luben, one of the old-time settlers of the Emmet neighborhood, met with an accident last Friday night that resulted in his death.

Friday evening Mr. Luben rode out into the pasture to look after his cattle. He failed to return and a search was instituted for him but they were unable to find him. The next morning his body was found in the pasture. Apparently his neck was broken and it is thought that the horse bolted—as there was a heavy electrical storm about that time—throwing Mr. Luben to the ground, breaking his neck in the fall.

Eugene H. Luben was born in Elgin, Nebr., July 5, 1896, and was 38 years, 10 months and 6 days old at the time of his death. Shortly after his birth his family moved to Chambers where they lived for one year then moved to this part of the county, settling near Emmet, which has since been their home.

On Jan. 8, 1918, he was united in marriage at Neligh, Nebr., to Miss Nora Barnes, of Emmet. To this union three children were born, who with his wife are left to mourn the death of a kind and indulgent husband and father. The children are: Eugenia, Dorothy, Esther and Robert, all at home. His aged parents, Mr. and Mrs. William Luben are also left to mourn the passing of a loving and obedient son.

The funeral services were held last Monday afternoon from the Lutheran church at Atkinson, Rev. William G. Vahle officiating and burial in the Atkinson cemetery. The funeral was one of the largest seen in that section for many years, attesting the high esteem in which the deceased was held by his friends and neighbors.

Anticipate Large Crowd At Golf Tournament

Members of the O'Neill Country Club are looking forward to an exceptionally large crowd at the annual golf tournament on June 23, 24 and 25. They have word from several former O'Neillites that they will be here for the tournament prepared to put up a struggle for the honors of the meet. Among those coming for the tournament from a distance are Mrs. Max Janes, of Bakersfield, Calif., and Mr. and Mrs. George Stannard, of San Diego, California.

Lumber Business Shows Increase

A local lumber dealer informed us the first of the week that he had figured more lumber bills the past three months than he had at any similar time since he had been in the lumber business here, about 20 years. Many of the bills figured were for new construction and others for repairs and enlargements to present structures. It begins to look as if 1935 was going to be one of the best years this city has had for some time, in the building line.

Baseball Schedule of Junior Legion

Following is the schedule of the American Legion Junior baseball teams for the season of 1935:

May 19: O'Neill at Atkinson and Stuart at Bassett.
May 26: Atkinson at Stuart and Bassett at O'Neill.
June 2: O'Neill at Bassett and Stuart at Atkinson.
June 9: Bassett at Stuart and Atkinson at O'Neill.
June 16: Atkinson at Bassett and O'Neill at Stuart.
June 23: Stuart at O'Neill and Bassett at Atkinson.

Plans Received Here For Federal Building

Plans and specifications for the new federal building have been received in the city. According to the plans the building will be 72x64 feet, fronting on Fourth street. It will be an imposing looking structure and will add much to the appearance of the northern part of Fourth street.
