

REDBIRD BLASTS OUT A 15 TO 11 WIN FROM O'NEILLERS

Red Bird Nine Also Defeats Lynch At Game Held At Riverside On The Fourth of July.

At the baseball diamond at the fair grounds here last Sunday the Red Bird and O'Neill nines mixed and the Red Birders won 15 to 11. The local battery was composed of Carson, Bazelman and Lorenz and Tomlinson, Carr, Conard and Shollmeyer concocted and caught the corkscrew curves that put the O'Neillites on the spot.

O'Neill made 14 hits and Red Bird got 19. O'Neill made 6 errors and Red Bird 4. Seven of the O'Neill batters struck out and 5 Red Birders.

Charles Richter, Red Bird, popped out a homerun and a three base hit. Albert Carson, Red Bird, made a three bagger and Harvey Krugman, Red Bird, pumped a two bagger. Dick Tomlinson, slammed out a home run for O'Neill.

A fair sized crowd braved a temperature of 96 to see the boys whack the horsehide.

Ponca will try on July 24, at Midway, to scalp the Red Birders.

Several hundred spectators fortunate enough to be present saw a red hot baseball classic the Fourth of July out at the Riverside dam when Red Bird smeared defeat all over the boys from Lynch. The score was 8 for Red Bird and 3 for Lynch.

The Lynch battery was Art Nygren, Glenn Hull, Verne Bartley and George Sedlacek. The Red Bird battery was Tomlinson, Conard and Shollmeyer. Errors, Lynch 5, Red Bird 1. Strikeouts, Red Bird 4 and Lynch 4. Hits, Red Bird 12 and Lynch 8. Charles Richter, Red Bird, and Sedlacek, Lynch, each clouted a three-bagger, and Albert Carson, Bill Conard, Red Bird, and Ray Bartley, Lynch, whanged out 2-sackers.

SCHOOL NOTES

Beginning next Monday, the Holt County Exhibit Hall will be open from the hours of one o'clock to four in the afternoon for the purpose of allowing children to come in and read books. This will be known as a Supervised Library period and the building will be open on Tuesday and Thursday afternoons. It is my hope to make a real reading library out of this. We have quite a large number of text books on hand now and hope to be able to add more from time to time.

Our study center is now operating smoothly and I hope that more people will take advantage of this opportunity to earn some college credit. We will still be able to receive applications for this course for another week yet and then we will have to close the registration.

I want to call school board directors attention to the fact that their are still a large number of incomplete reports that have not been received at this office. We must have this information before we can file our report with the state superintendent. With nearly 200 districts to receive reports from, you can readily realize that it is a big task to complete such a report. Our report will have to be filed with the state superintendent not later than the 15th of August, this year.

We must have a complete report from the annual meeting including certificate of tax levied, minutes of the meeting, financial statement and census reports. Please attend to this matter at once. County Superintendent.

Upon his removal to this county he farmed a few miles northwest of this city for several years, until about ten years ago, when he retired and moved to this city, where he has since made his home. He was a good citizen and his passing will be mourned by a large circle of friends and relatives.

LAST RITES FOR TOM MARKEY HELD HERE

Services Held Monday At St. Patrick's Church, And Burial In Calvary Cemetery.

Last Saturday death removed Thomas E. Markey, highly respected farmer residing just west of O'Neill. His funeral was held Monday at 9 o'clock. Service was read at St. Patrick's Catholic church here and the funeral procession to Calvary cemetery, the longest seen here in years, attested the high place Mr. Markey held in the hearts of the people of this community. Mr. Markey died at the age of 67 years, 1 month and 26 days.

Born in County Monahan, Ireland, May 10, 1868, he came to this country when a young man and lived some years at Wisner, Neb., then moved to Pierce county where he resided until he came to Holt county in 1913.

On Feb. 17, 1896, Mr. Markey married Delia L. McGuire.

Shelter Belts For Rural Schools

Recently letters were sent out to County Superintendents and county agents in regard to a shelter belt plan worked out for the benefit of the Rural Schools. The Rural schools, like the home, needs shelter and protection from the elements. The Rural school to most of us is a lonely forgotten place, where our children are forced to go to school. Little thought has ever been given in making conditions more liveable for the children.

The rural school is the home of our children for nine months out of the year and during this time they should be entitled to the same protection that they have in their respective homes. School buildings would be warmer in winter if they had this protection and the children could use their playgrounds all winter instead of being forced to remain indoors during the cold winter months.

There are three things that the school districts must do to qualify for this aid. First, they must follow the ground to prepare it for the trees. Second, they must purchase the planting stock. Third, purchase material to fence the trees.

The Nebraska Relief Administration will then furnish the labor, for planting trees, fencing the ground and cultivating the ground the first year. In addition to this the University Extension Service will assist in securing planting stock, furnish a planting plan and give such advice as shall be needed from time to time.

The ground should be prepared this summer or early fall for spring planting. I would like to receive as many applications as possible as it is one of the best projects ever worked out by the relief administration, in regard to the improvement of the school grounds. All trees planted are to be supervised by the County Agent together with the assistance of the County Superintendent.

KENNETH BERGER DROWNED SUNDAY IN RIVER BAYOU

Not Known Definitely If Death Was Caused By A Heart Attack or Drowning.

Kenneth, 26, son of Mr. and Mrs. Charles Berger, farmers of near Opportunity, drowned Sunday afternoon about 3 o'clock in O'Donnell's lake, between Inman and Stafford.

Mr. Berger, married only one year ago last June, leaves his parents, his widow, other relatives and no children. He had farmed on land near the home of his parents.

Sunday a high temperature of 96 sent hundreds to lakes and streams. Kenneth Berger, his cousin, Max Berger and others of the Opportunity community went to the O'Donnell Elkhorn river bayou and plunged into the water. About 40 persons, many of O'Neill, were there fishing and swimming.

Eye witnesses disagree on details of the accident but it seems that Kenneth started to swim from the extreme north end of the west leg of the "U" or horseshoe shaped bayou. When in water said to be 12 feet in depth he shouted for assistance and went down and remained there.

Many of those present diver repeatedly in an effort at grasping the body. A professional life guard employed at Oak View park was rushed to the scene of the tragedy and he succeeded in getting Berger on dry ground. William Maxwell of this city, the life guard, whose name was not obtained, and others applied resuscitation exercises but the body became cold and lifeless.

One year ago last June Berger was married to Erma Gray, of Page. He was a sterling young man, industrious, honest and with everyone his friend.

One of those with the victim of the tragedy was Max Berger, son of John P. Berger, his cousin. The body was brought to the O. F. Biglin mortuary here in the Biglin ambulance. The funeral was held at Page Tuesday afternoon at 2 o'clock with services at the Page Methodist church, Rev. L. Yost in charge.

It is not definitely known whether Berger died of heart attack, other bodily organ failure, was drowned or died of a combination of these causes.

Berger attended the O'Neill High school. He leaves besides his relatives a host of friends to mourn his passing, in this city and over Holt county.
