### Poland's New Liner at New York

A new transatlantic liner, the Pilsudski, built especially for the moderate-income group and designed for complete ship-board democracy, made its maiden voyage to New York from Gdynia, Poland, recently. It is the first liner to be built by Poland since it regained its independence and built its own port at Gdynia. The photograph shows the Pilsudski arriving in New York harbor five hours ahead of her schedule. The Pilsudski is the only ship in history to be built on a barter basis. It will be paid for entirely in coal shipped by Poland to Italy, where the liner was built.

### Beavers Get Jobs Building Dams

Thousands of beavers are now being trapped in the Northwest, through the co-operation of the United States forest service, United States biological survey, and the state police. The beavers, which farmers say dike up their irrigating canals, destroy fruit trees, and cause general havoc, are being transplanted to their more natural surroundings in the national forests. Here they are expected to work at their tasks of building dams in streams, which will stop erosion and increase pasture land. The photograph shows beavers caught in wire traps that do not injure them.

### Housewife's Idea Box

**To Keep Fat**  
If you take proper care of it, you can keep fat that was used for deep fat frying. After each using, strain it in this way: Pour the hot fat through a piece of fine cheesecloth into the container in which you plan to store it. Let it cool, then keep it in your refrigerator until the next frying.
