BEDTIME STORY
By THORNTON W. BURGESS

THE HUNTED WATCHES THE HUNTER

IT WAS so quiet and peaceful and altogether lovely there in the Green Forest where Lightfoot the Deer lay resting behind a pile of brush near the top of a little hill that it didn't seem possible such a thing as sudden death should be anywhere near. It didn't seem possible that there could be any need for watchfulness. But Lightfoot long ago learned that often danger is nearest when it seems least to be expected. So, though he would have liked very much to take a nap, Lightfoot was too wise to do anything so foolish. He kept his beautiful great, soft eyes fixed in the

It was the Hunter and Across One Arm He Carried the Terrible Gun.

direction from which the hunter with the terrible gun would come if he were still following Lightfoot's trail. He kept his great ears gently moving to catch every little sound. Lightfoot had about decided that the hunter had given up hunting for that day, but he didn't let this keep him from being any the less watchful. It was better to be overwatchful than the least bit careless. By and by Lightfoot's keen ears caught the sound of the snapping

of a little stick in the distance. It was so faint a sound that you or I would have missed it altogether. But Lightfoot heard it and instantly he was doubly alert, watching in the direction from which that faint sound had come. After what seemed a long time he saw something moving and a moment later a man came into view. It was the hunter and across one arm he carried the terrible gun. Lightfoot knew now that this hunter had patience and perseverance and had not yet given up hope of getting near enough to shoot him. The hunter moved forward slowly, setting each foot down with the greatest care so as not to snap a stick or rustle the leaves. He was watching sharply ahead, ready to shoot should he catch a glimpse of Lightfoot within range. Right along through the hollow at the foot of the little hill below Lightfoot the hunter passed. He was no longer studying the ground for Lightfoot had left no tracks. He was simply hunting in the direction from which the Merry Little Breezes were blowing because he knew that Lightfoot had gone in that direction and he also knew that if Lightfoot were still ahead of him his scent could not be carried to Lightfoot. He was doing what is called, "hunting up wind."

Lightfoot kept perfectly still and watched the hunter disappear among the trees. Then he silently got to his feet, shook himself lightly, and noiselessly stole away over the hilltop towards another part of the Green Forest. He felt sure that hunter would not find him again that day.

Do You Remember a Day in October?

By ANNE CAMPBELL

DO YOU remember an October day,
A gold and crimson day of long ago,
When for a little while you passed my way,
To touch the maples with a deeper glow?

Do you remember the New England hills,
Where little trees reached up to autumn skies?
Today June meets October and distills
The roses borrowed from our Paradise.

Do you remember words we did not speak,
Long silences that told us more than words,
The joyous ripple of the silver creek,
And the soft answer of the bright-eyed birds?

Do you remember an October day
Far lovelier than this, when for an hour
Bright blue October skies reached the gray,
And best affection burgeoned into flower?

EVERYDAY DISHES

A GOOD ox tail soup is a favorite dish with many. The following stew is worth adding to the card index:

Ox Tail Stew.
Wash the short lengths of ox tail and brown in its own fat. Cook two chopped onions in two tablespoonfuls of butter, add to the meat with two and one-half quarts of water. Simmer until the meat is tender. A half hour before serving add four diced carrots, two diced turnips and one large potato, two teaspoonfuls of Worcestershire sauce, two teaspoonfuls of sugar, salt and pepper to taste. When the vegetables are soft thicken the stew with flour and add water mixed to a paste. Cook until well thickened.

Banana Junket.
Dissolve a junket tablet in a tablespoonful of water, add to a pint of warmed milk. Flavor to suit the taste. Slice bananas into sherbet cups and pour the junket over them. QUESTION BOX
by ED WYNN, The Perfect Fool

Dear Mr. Wynn:
I notice articles in the newspapers, which refer to something or other happening in the great peace town, but they never mention the name of the town. I must confess my ignorance and ask you to please tell me the name of the great peace town?

Sincerely,
U. R. BRIGHT.
Answer: The greatest peace town I know of is Reno.

Dear Mr. Wynn:
I am taking an examination for a letter-carrier's position. One question seems to stick me. I know you will help me, so here's the question: "What has four legs and flies all around?"

Truly yours,
WILL I. PASS.
Answer: Well, it's a question which answer the government wants from you. Two canary birds have four legs and fly all around, but I think the answer you want is as follows: "A dead horse has four legs and flies all around!"

Dear Mr. Wynn:
I have trouble in keeping my silverware clean. They say that whisky is the best polisher of silver. How is it used?

Sincerely,
IMA HOUSEKEEPER.
Answer: Just drink the whisky and then blow on the silver.

Dear Mr. Wynn:
I have been reading the pro and con discussions on "When a Man Is Drunk." Please tell me when a person can be absolutely sure that a man is drunk?

Truly yours,
Y. B. SOBER.
Answer: A man is absolutely "drunk" when he comes home late.

Eve's Epigrams

Too many girls think they can hold a man's interest by using their necks instead of their heads.

puts the candle in bed, then blows himself out.

Dear Mr. Wynn:
I just entered college this year. My father wants me to be a lawyer and I want to be a doctor. Can you tell me just what you think of these two professions, so I can choose?

Yours,
COL. EDGE BOYE.
Answer: A doctor is a man who puts medicine, about which he knows little, into your stomach, about which he knows nothing, while a lawyer is a man who takes money from your enemy and keeps it for himself.

Generous Giver

Dr. Henry J. Gerling, shown above, superintendent of schools of St. Louis, Mo., has pledged \$25,000 to help repay losses to 20,000 school children in two closed banks. Doctor Gerling offered the money to the Board of Education from his personal funds. Assets of the Savings Trust company and the National Bridge Trust company, in which about \$92,000 of school children's thrift club funds were deposited, are being liquidated. It was estimated neither bank would pay out more than 60 per cent on depositors' claims.

SHELTERED SEA IN CANADA

From Vancouver to Prince Rupert, British Columbia, there is a natural sheltered salt water seaway which is used by ships plying up and down the coast. The route lies between the mainland and offshore islands and is comparable to the fjords of Norway because both mainland and islands are very mountainous. This route is known as the Inside Passage.

IT'S NOT IN MANY CEREALS

Nothing anyone eats is more important than Vitamin B—the vitamin for keeping fit. Yet it isn't in many cereals, when cereals are supposed to be our best source of this food element.

Many are nervous, poor in appetite, system out of order, because their daily diets lack enough of the precious Vitamin B for keeping fit. Few things keep them back like a lack of this protective food element. So give everyone Quaker Oats every morning. Because in addition to its generous supply of Vitamin B for keeping fit, it furnishes food-energy, muscle and body-building ingredients. For about 1/2c per dish.

Start serving it tomorrow for a 2-weeks test. Quaker Oats has a wholesome, nut-like, luscious appeal to the appetite. Flavour, surpassingly good. All grocers supply it.

NO UPSETS

The proper treatment for a bilious child

THREE STEPS TO RELIEVING CONSTIPATION
I TO RELIEVING II CONSTIPATION III
A cleansing dose today; a smaller quantity tomorrow; less each time, until bowels need no help at all.

ANY mother knows the reason when her child stops playing, eats little, is hard to manage. Constipation. But what a pity so few know the sensible way to set things right!

The ordinary laxatives, of even ordinary strength, destroy all hopes of restoring regularity. A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help.

This treatment will succeed with any child and with any adult. Doctors use a liquid laxative. Hospitals use the liquid form. If it is best for their use, it is best for home use. The liquid laxative they generally use is Dr. Caldwell's Syrup Pepsin. Any druggist has it.
