SOUTHWEST BREEZES

(Continued from page 5.)

The clouds themselves were here, miles of them, a solid mass of snow as if some giant form were emptying shovels and fanning it with a hurricane. The storm swept the then open plains of Holt county with mighty fury, few living things surviving that did not find shelter. Will we have another? Maybe. But not with the consequences. R. S.

A Full Carload of McCormick-Deering Cream Separators is now ready for delivery

COME IN AND SEE the separators received in this shipment. See the brilliant japanned finish, the ball-bearing construction, the new bowl design, automatic lubrication, and the many other McCormick-Deering features.

Many Farmers in this Neighborhood will get Bigger Cream Checks with less work as a result of this big shipment

The arrival of our carload shipment of McCormick-Deering Ball-Bearing Cream Separators (made co-operatively with neighboring dealers) ushers in a new era of greater dairying prosperity in this community. This carload of easy turning, close skimming, sanitary cream separators will enable many farmers in this neighborhood to get bigger cream checks because McCormick-Deering Separators skim closer than any machine yet offered. Ball bearings at the high-speed points cut down crank effort 35%—a big saving in labor and power.

Don't miss seeing our special display of these gleaming, brilliantly-finished separators, just received. Come in today—tomorrow—whenever you get a chance and let us tell you all about the liberal deferred-payment offer that makes it easy for anyone to own a McCormick-Deering. We will bring one out to your farm for a demonstration if you prefer. Just let us know when it will be convenient for you and we will drive out and show you the best cream separator you ever saw or owned. Detailed literature sent on request.
