#### SEEDING RYE QUALIFIES FOR CONSERVATION PAY

There are several practices that a public canning demonstration on will entitle a producer to enter into June 5 in Chambers at 10 a. m., the new soil conservation plan. One Bert Murphy, of the firm of An- and in O'Neill at 1:30 p.m. The of these that will apply to this drew Murphy & Son automobile meeting in Chambers will be held county at this time is the seeding dealers of Omaha, came up Tuesday in the basement of the Methodist of rye to get marginal land back afternoon and spent a few hours church. The one in O'Neill will be into permanent pasture. Rye seed-Rye planted for this purpose is not to be pastured or harvested in any manner, but was granted this sec-Speaking over a nation-wide tion for the purpose of furnishing back to permanent pasture or hay lands.

If the acreage seeded to rye in this manner is not intended to go back to permanent pasture it could be used as a green manure or nurse crop for sweet clover or alfalfa. The practical way to use it as green manure would be to blind list the land before June 15, cultivate sufficiently to keep weeds down until time to seed fall rye or wheat. This practice would earn the large soil conserving payment.
