Norfolk last Saturday and spent Sunday visiting relatives and friends in this city and vicinity.

Mrs. F. H. Butts, who had been visiting at the home of her sister, Mrs. D. H. Cronin, for the past six weeks left for her home at Nebraska City last Friday morning.

During the month of May The Frontier carried 1,263 inches of display advertising, more than has ever been carried by any newspaper in this city or county, except in a special edition. We have come close to that figure several months during the past year but never quite equalled it. This is far in excess of the advertising carried by any other paper in the county during the past month. Advertisers are not all asleep. They know the medium that reaches the people of the county and surrounding territory and place their advertising accordingly.

Mr. and Mrs. R. F. McCaw and daughter will leave the first of the month for St. Louis, Mo., where they will make their future home. Mr. McCaw has been here about two years as an employee of the Interstate Power company. Recently his father died in St. Louis and he was the proprietor of one of the most prominent undertakers in that city and Mr. McCaw is going down to take charge of the business. Mr. and Mrs. McCaw made many friends during their residence here, who, while they are sorry to see them leave O'Neill

wish them happiness and prosperity in their new home.

News items of club activities for publication should be mailed to this office as soon as the meetings are over. We appreciate receiving the items, but when they arrived two weeks after the event they hold little value as news. Most of those received are that old by the time they are published.

BUY ON PROOF OF PERFORMANCE

for their Safety

THE New **Firestone**
HIGH SPEED TIRE for 1936

AVOID accidents—take no chances—buy your tires on Proof of Performance. Make sure that you and your family will be safe! Skidding, blowouts and punctures caused more than 37,000 accidents last year. Many of these accidents could have been avoided with safe tires.

The new Firestone High Speed Tire for 1936 is the safest driving equipment you can buy. Here is your proof:

PROOF OF GREATEST NON-SKID SAFETY

A leading university made 2,350 tire tests and found that the new scientifically designed Firestone High Speed tread stops a car up to 25% quicker than other tires.

PROOF OF GREATEST BLOWOUT PROTECTION

Every year, since Firestone developed the Gum-Dipped Balloon tire, Firestone Tires have been on the winning cars in the gruelling blowout test of the Indianapolis 500-Mile Race.

PROOF OF GREATEST ECONOMY

Firestone engineers designed the new Firestone High Speed Tire for 1936 to give you up to 50% longer non-skid mileage. This is proved by our own test fleet records and the fact that the world's largest transportation companies, such as Greyhound, to whom safety and tire economy means business efficiency, use Firestone Tires. This is further proof that they are the safest, most economical tires ever built.

Why risk an accident when it costs so little to protect lives worth so much? Equip your car today with new Firestone High Speed Tires—the Masterpiece of Tire Construction.
