NOTICE OF HEARING

In the County Court of Holt County, Nebraska.

In the Matter of the Estate of Adam W. Lutz, Deceased.

TO ALL PERSONS INTERESTED IN SAID ESTATE, BOTH CREDITORS AND HEIRS:

You are hereby notified that on the 29th day of June, A. D., 1936, T. J. Graham, petitioner, filed his petition in the above matter, setting forth, among other things, that Adam W. Lutz, a citizen and resident of Whiteside County, Illinois, died intestate on the 13th day of January, A. D., 1902, seized and possessed of the following described real estate, to-wit:

West Half of the Northeast Quarter (W $\frac{1}{2}$ NE $\frac{1}{4}$) and the North Half of the Northwest Quarter (N $\frac{1}{2}$ NW $\frac{1}{4}$) of Section Nineteen (19), Township Thirty-two (32), Range Nine (9), West of the 6th P. M., Holt County, Nebraska.

That he left him surviving his widow, Martha A. Lutz, and the following children: Elmer A. Lutz, son, and Mary E. Baker, daughter.

That T. J. Graham, petitioner, is now the owner of said real estate and is the owner of all of the right, title and interest of the above named heirs, having purchased the same from their grantees. That the prayer of said petition is for a decree determining the time of the death of the decedent, Adam W. Lutz, and the names of his heirs, fixing the degree of kinship of said heirs and the right of descent of said real estate, barring the claims of creditors of said deceased, dispensing with further administration of said estate and determining that said deceased died seized and possessed of the real estate above described and for such other and further relief as may be just and equitable.

That said matter is set for hearing before the County Court of Holt County, Nebraska in the County Court Room in the Court House, City of O'Neill, on the 22nd day of July, A. D., 1936, at the hour of ten o'clock A. M., and that if you fail to appear at said time and place to contest said petition, the Court may grant the prayer thereof.

Dated this 29th day of June, A. D., 1936.

BY THE COURT:

County Judge.

Weeds in some sections of the city where considerable traffic passes are becoming of unsightly and objectionable size and a suggestion might not be out of place that the owners of property so overgrown put the sharp sickle to work.

Circus Next Week

From a small wagon show to a gigantic 4-ring circus in a span of only twenty-four years is the history of Schell Bros. Big 4-Ring Wild Animal Circus. But words alone can never tell of the showmanship, the labor, the setbacks and all that has gone with the years of hardwork George E. Schell has placed into this circus to produce its remarkable growth.

In 1926 George E. Schell took in as partner his brothers and the circus was greatly enlarged. Again in late fall of 1932 more horses, lions, elephants, new acts, another light plant and new canvas were purchased. Now! Today! The Great Schell Bros. Big 4-Ring Wild Animal Circus is three times as large as ever before, coming out with more stock, more wild animals, new motor equipment and a larger big top with a greater seating capacity.

Not the biggest but one of the best is Schell Bros. Four rings are required to take care of the many acts. The air is filled with rigging for the acrobats and aerialists. The ground reeks with the smell of sawdust. The funny clowns are cutting capers to amuse the children. The elephants are swinging their trunks begging for peanuts. The atmosphere on the circus lot is full of laughter, thrills and relaxation from the general routine of daily work. And there's pink lemonade and the mysteries that only a circus can create, with mother and dad as well as the kids mindful of them all. Schell Bros. will exhibit in O'Neill, Tuesday, July 14.

A young boy that shows promise of some day being a great salesman or merchant prince is on the streets every day with something to sell, home-made handkerchiefs, pocket books or any old thing he thinks might entice a buyer. The lad has the spirit of a go-getter at any rate, if the continued importing does become somewhat of a nuisance.

WHAT PRAIRIE FARM GROUP SOUGHT TO DO

(Continued from page 1.)
connection with the production of hog serum, and secured farm representation at the hearings to prevent a move toward unnecessary increases in the price of serum to the farmer.

"One of our best achievements was the prevention of the diversion of funds for highway improvement to main trunk highways, and away from our farm-to-market roads. Our work in this field was particularly successful in securing the earmarking of large funds for the improvement of secondary roads.

"We have had subcommittees whose special duty it was to assist in developing the field of rural electrification for the betterment of living conditions for our farm families.

"Having in mind the beneficial results of the corn loan program we have subcommittees making a special study of the possibility of the use of government credit for the warehousing on the farm of farm products that can be kept without appreciable deterioration, and loaning to the farmer a sum sufficient to enable him to hold the warehoused product for the best market of the crop year.

"While this is but a partial list, it gives some idea of the scope of our study and work. In all of this work you were constant in your attendance and interest, and served with distinction on several subcommittees. I can say without exaggeration that your encouragement, help, advice and individual effort were potent factors in securing the accomplishments for which we strive. On behalf of the Prairie States Farm Group, and on my personal behalf, I want to thank you sincerely for your efforts.

"With high personal regards, I am

Very sincerely,
G. M. Gillette."
