Farmers living north of town report that grasshoppers have been doing a lot of damage to the corn the past few days. Now that most of the small grain has been cut they are attacking the corn. A good soaking rain might cause them to migrate and if they do not the corn crop will be greatly damaged in parts of the county.

Mr. and Mrs. L. H. Pierce drove up from Lincoln last Friday for a few days visit at the home of Mayor and Mrs. John Kersensbrock.

Mrs. Pierce is a sister of Mrs. Kersensbrock. Duke Kersensbrock, who had been visiting relatives there for the past ten days, returned home with them. Mr. and Mrs. Pierce returned home Tuesday.

Mr. and Mrs. Glenn Tomlinson left last Friday for Ft. Smith, Arkansas, and they will come back with a new bus for the bus line between O'Neill and Norfolk which is owned by Mr. Tomlinson and Mayland Nettleman. July Fourth was celebrated at the O'Neill Country Club and a very large crowd was present to enjoy a picnic dinner and the fireworks and various games put on for the benefit of the kiddies. Mr. and Mrs. W. B. Graves and children left last Sunday morning for Lyons, Nebr., to spend the Fourth visiting at the home of Mrs. Graves' mother and with other relatives and friends there. In her petition she alleges that they were married at Dorsey, Nebr., on May 29, 1920, and that they have ever since been residents of this county. There are no children, but one adopted

daughter, Violet Butterfield, now 18. She alleges cruel and inhuman treatment. She asks for an absolute divorce and for such other relief as may be just and equitable.

Mayland Nettleman, one of the proprietors of the O'Neill-Norfolk bus line, has purchased a new bus and expects to receive it the latter part of the week. With the installation of his new bus it will make two new and modern busses on this line and they will be well equipped to handle their ever increasing business.

K. A. Wehl, who has had charge of the Texaco bulk station here for the past four and a half years, has been transferred by the company to the Denver office and he will leave for his new post of duty about July 15. This transfer is quite a

promotion for Mr. Wehl and his many O'Neill friends, while regretting to see him leave the city, wish him happiness and prosperity in his new home and hope that in his new line of work he will have occasion to visit this city occasionally.

This bunch of fishermen have been making annual trips to the northern lakes for the past several years and they always come back with a large supply of the finny tribe, so they figure that this year will be no exception to the yearly habit, as far as catching fish is concerned.

Cars differ in the effect of speed on gas consumption. . . . In the car mentioned above there is less difference than in most between 25 miles per hour and 50.

IT ISN'T a "snail's pace" either! Yet, it isn't 90. Just what speed will give you the best gasoline mileage with your car is for you to find out. But the important fact is that there is one. Find it. Use it. It keeps you "safe," and saving.
