ors met at call of clerk. All mema bers present except Smith. Meeting called to order by Chairman.

Motion by Reimer, seconded by Carson that Board draft resolution supporting the request of delegation from Page relative to the routing of highway number twenty.

RESOLUTION

WHEREAS, it appears to the Board that the present plan with regard to Federal State Highway Number Twenty provides that said road shall go six miles west to join New State Highway Number Eight from the present junction of Highways Eight and

WHEREAS, said plan if carried out will leave Page without highway facilities of any kind,

WHEREAS Page is a town of some 400 people situate in one of County's most productive localities, and have need of a highway for personal and business travel as well as for transportation of crops and livestock,

WHEREAS, it has been suggested that said Highway Twenty be routed north along the rail-road from Orchard to Page or that the present routing be maintained.

NOW THEREFORE, I move you that we ask the State Department of Roads and the Federal Bureau of Roads to consider the needs and necessities of Page and locality and route or maintain a Federal State highway through that town and community; that because of Topographical conditions highway Twenty can be routed through Page, west to Number eight at less cost than other suggested routings.
