The old fashioned orator used to say that Rome wasn't built in a day. Neither are the WPA projects.

A thing of beauty is a joy forever—especially to the beauty parlors.

It may be true that the meek will inherit the earth because we don't believe it will be possible to give it to a hard boiled person when it has so many mortgages on it.

According to the newspapers President Roosevelt is talking about balancing the budget again—or rather we should say, he is again talking about balancing the budget.

A local man who is happy though married states that he has found the proper formula. He says, "She goes her way and I go hers."

The Lord made the world in six days but it is to be remembered that this was before the era of the forty-hour week.

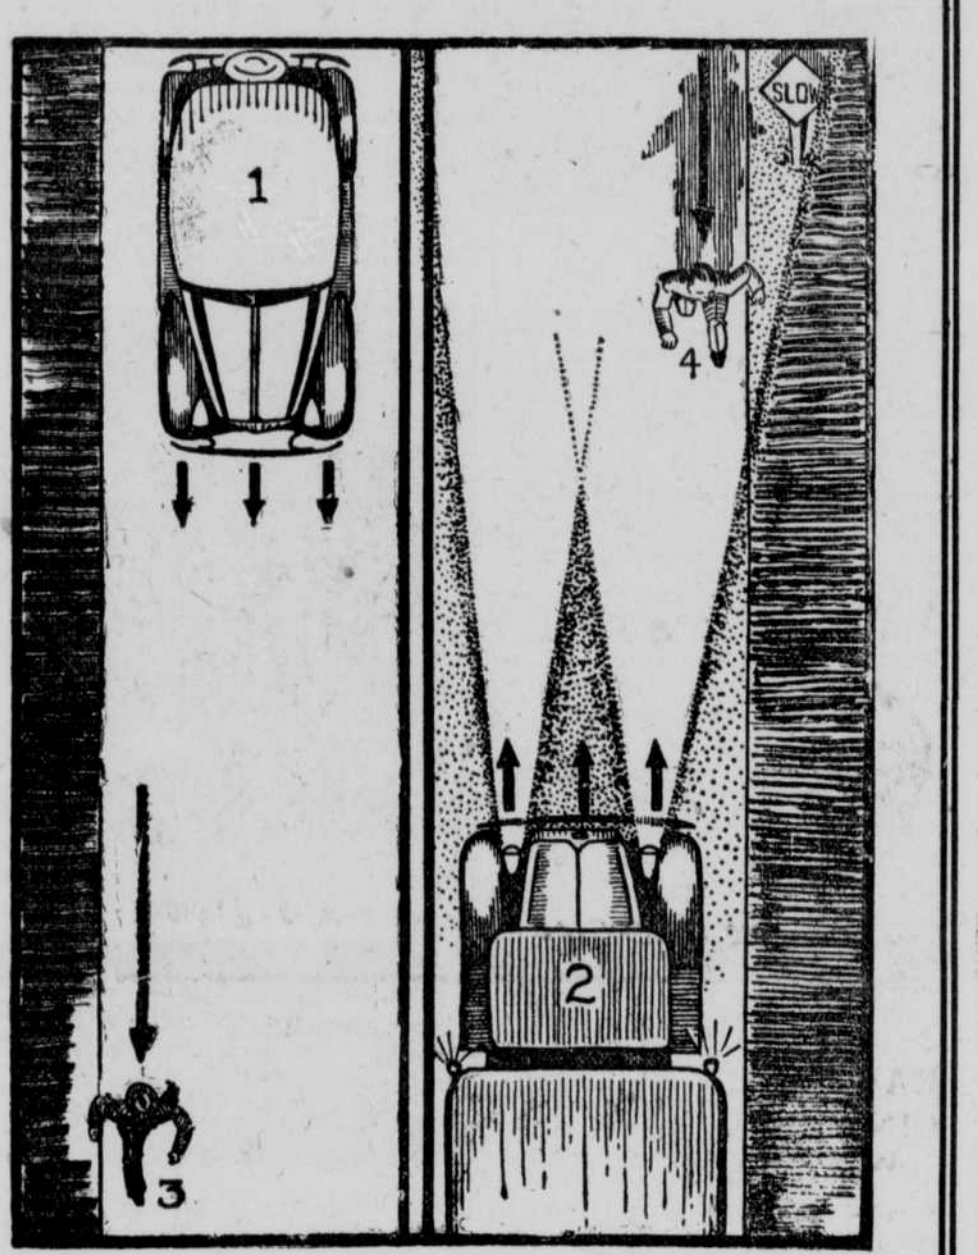

Three Koala bear cubs have been born in the Sydney, Australia, zoo. We presume one of them will be named Coca.

One remark which the average woman makes but never expects you to agree with is: "I look like a wreck today."

The Use of Highways by Pedestrians

KEEP TO THE RIGHT is a rule which does not apply to the pedestrian using the highways. When walking along a highway or road, always stay on the left side, so as to face oncoming traffic. The person who walks on the right with vehicular traffic must constantly look to the rear to see if a car is approaching. As the man, No. 3, in the above illustration, he cannot see car No. 1 and if it is making very little noise he will not hear it. This is doubly dangerous at night, as a pedestrian cannot be easily seen by a driver when he

is facing the lights of cars coming from the opposite direction. Walk as pedestrian No. 4 in the illustration. He is facing vehicle No. 2, and can easily see how much room he must give to avoid the danger of accident. The person who walks with traffic on the right side of a highway places his life in great danger, as well as the lives of those in automobiles, as striking a person could easily cause a car to be turned over, inflicting serious injury or even death to its occupants. If you must walk on a public road, KEEP TO THE LEFT!

(Copyright, 1937. P. L. Cummings, Des Moines, Ia.)

Traffic Violations are increasing daily—motor vehicle accidents also are greater as the speed mania grips the nation and carelessness in driving remains unchecked. A comprehensive study of this ever-present problem is being sponsored by this group of O'Neill merchants who are presenting this "Drive With Safety" Campaign.

What Is A Trifle—

A loose thread, a lost minute, a penny more or less? Any of these things may lead to unexpected but important consequences.

Just how important is the penny? The ads in this paper give you a good illustration.

The pennies you save, multiplied by the minutes you gain, will become savings that mount into the dollars. These are trifles worth while.
