MANPOWER, TIRES AND TRUCKS ARE VITAL TO VICTORY

This Wartime Measure Will BENEFIT YOU— And SPEED VICTORY TOO!

Residential-Rural and Some Commercial Electric Bills to Be Sent Out Only Every Two Months

In cooperation with the war effort, your Consumers Public Power District is anxious to save vital material and essential manpower wherever possible. To aid in this program your electric meter will be read and electric bills sent out only once every two months. This change will save tires, trucks and manpower so vital to Victory—yet it will benefit you too. Your Consumers Public Power District is a non-profit organization—owned by the people it serves. Any savings in meter reading and billing expense will help make possible lower cost electricity. Your cooperation will help make this plan successful.

This plan will not affect all customers the first month. You will receive a notice with your electric bill when billing on a two months basis will start.

Large commercial and industrial customers will continue to be billed monthly.
