After February 27, retailers will give tokens in change for Red and Blue stamps. The stamps will be worth ten points each. Your merchant will not trade for tokens. The tokens are used to make change for stamps when purchases are made.

Your remaining Brown and Green stamps will be good until March 20, but at their present point value. Tokens will be given in change on them, however.

Distribution of a new kind of ration "money," red and blue tokens, to food retailers in the Sioux City District began Thursday, February 17, 1944.

M. E. Rawlings, District Director of the Sioux City office of the OPA, said that retailers may call at the banks to obtain the one-point tokens.

These tokens will not become legal rationing tender, however, until February 27, 1944. On that date the merchants will be permitted to start making change with the colored disks for the 10-point coupons in Ration Book IV. The red tokens will be acceptable in meats-and-fats transactions; the blue ones will be used in the processed foods program.

For the period between February 27 and March 20, Mr. Rawlings announced, the Green No. 1 stamps for processed foods and the Brown No. 1 stamps for meats and fats will be usable along with the tokens in making change. After March 20, however, all change-making will be by token.
