**VICTORY GARDEN DON'TS**

A great many persons will start their victory gardens this year with the experiences they had in 1942 in mind. A great many others will be cultivating gardens for the first time. For both groups the following "don'ts" on Victory gardening may prove profitable:

1. Don't plant seeds in a cloddy or muddy seed bed.
2. Don't plant too thickly.
3. Don't plant crops poorly suited to your territory or conditions.
4. Don't let weeds get started.
5. Don't expect crops overnight. Time is the factor in gardening.
6. Don't get discouraged.

Such pointers and the liberal use of common sense plus advice which you can obtain from those with gardening experience will bring splendid results from initial gardening efforts.

**PAT KEEFFE**  
 ... RAIL-MINDED DAD WITH FIVE FIGHT-MINDED SONS

**MIDWAY** between Chicago and the Twin Cities lies Adams, Wisconsin. Here the sleek Twin Cities "400's"—one northbound and the other southbound—meet, tarry a moment, and pass on. And here Train Dispatcher Pat Keefe, following the movements of every train, looks after his "charges" as closely as a mother hen her brood. For this 40-year service man realizes that *eternal vigilance is the price of safety.*

Pat Keefe is a high-ranking member of "North Western's" Sons-in-service fraternity, with five sons, all fighting for Uncle Sam!

First, there's Major Harold. A flier for 8 years, he's now at Wright Field in Ohio. Then there's Corporal Kenneth. Ken's a paratrooper who has seen plenty of action in Italy. Next comes Lieutenant Donald, another army aviator, now in India. Ensign John is fourth in line—a navy flier, he's been overseas since last fall—somewhere south of Trinidad. Finally, there's Bill, recently turned 20 years—an aviation cadet at San Antonio.

*A rail-minded dad with five fight-minded sons—"North Western" salutes them!* Each plays an essential part in America's fight for freedom—each has a vital job to do in the march toward victory. And we never cease to be grateful that among "North Western's" 32,000 employes there are thousands more like them!

**THE OLD JUDGE SAYS...**

"The war stories I like best, Judge, are the ones by the special writers overseas who live right with our troops. They give us a better idea of how our men react to things going on over there and back here at home."

"I agree with you, Sam. I never miss one of those stories in the papers or magazines. And there's one thing those writers seem to agree on no matter where they are stationed with our men...and that is that the men who have left their homes and families to go

away and fight this war don't want to come back and find that prohibition has been put over on them while they were away...either nationally or locally. They have heard about the attempts being made and they resent it bitterly."

"I agree with them, Judge, even though I don't happen to drink myself. Furthermore, I don't think it's fair for us at home to be making any major changes while 10,000,000 of our fighting men are away and have no chance to express their opinions."

**STORZ STANDARD QUALITY**  
 THROUGH 3 WARS WITH FLYING COLORS

Year after year—War or no War, Storz Beer continues to be the same high quality beer you have always known. The demand for Storz is greater than at any time in our history. Limitation of the malt supply is one reason why we cannot meet all this growing demand. Of course we could make more beer by using less malt. But Storz does not do things that way. The same first quality grains, skillful brewing methods and slow aging gives Storz Beer mellow, satisfying flavor that has always made it your favorite. When you buy Storz Beer you buy the best.
