

CHAS. E. SANDALL SAYS:

NEBRASKA MAY WELL BE PROUD

"What a Record! Out of 1799 Beer License Renewal Applicants, Only 14 Denied for Cause. Nebraska May Well Be Proud!"

This Committee has urged, time and again, that the greatest care be observed in granting licenses only to proper persons. Working closely with your able enforcement officials, we have helped in locating the undeserving. A checkup just made of retail beer license applications is very gratifying. Of 1799 ap-

plicants only 14—less than 1%—were denied for reasons of improper conduct. From only 5 Nebraska towns were protests filed by citizens.

The beer industry joins the citizens of Nebraska in being proud of this record. And the State is to be congratulated on having splendid laws, ably administered.

Director of the Brewing Industry's self regulation program in Nebraska; prominent member of state bar; former county attorney, state senator; U. S. District Attorney during prohibition era.

ISN'T NEBRASKA'S GOOD LIQUOR CONTROL STATUTE, PROPERLY ENFORCED AS IT IS, THE SOLUTION TO THE PROBLEM?

BANKS AND THE WAR

"We will be waiting for you guys to help..."

THE LAST message from our boys on Corregidor, tapped out on a wireless key by tired fingers, said in part "They have got us all around and from the skies... the jig is up... we will be waiting for you guys to help." Yes, it is up to us. We are fast preparing to return with compound interest the dirty blows dealt us by Japan, and to wipe aggression from the earth. Vast sums of money are needed right now. "I took the Cure!"

"It was last Thursday afternoon that I started being a good girl—I mean about using the party line telephone.

"Four of us were playing cards... and talking. It was Mrs. Malone who said,

"Helen, you've got an awful gabber on your party line. I tried to call you five times yesterday and the line was always busy. I'd raise the dickens if I were you."

"I gulped. The folks on our party line live just back of us and they had been away for more than a week. The "awful gabber" was me.

"Right then I decided to use my share of the party line a lot differently. Now I limit my calls to five minutes and never make a steady string of them. I hope my party line neighbor has noticed the difference. I'm really trying."
